HKCFP 40th ANNIVERSARY CONFERENCE

“From Seedling to Forest - Ever Enriching Primary Care”

2 - 3 September 2017 (Saturday - Sunday)

Message from the Organizing Committee

As the Hong Kong College of Family Physicians will be celebrating the 40th Anniversary of its founding, this hallmark conference will be one of the series of events commemorating this momentous milestone of our College. On behalf of the HKCFP 40th Anniversary Conference Organizing Committee, we warmly invite you to our special HKPCC conference to be held on September 2nd - 3rd 2017 at the Hong Kong Academy of Medicine Jockey Club Building, Aberdeen, Hong Kong with the theme, “From Seedling to Forest - Ever Enriching Primary Care”.

This year’s theme highlights the transformation of our College from its humble beginnings as a small association consisting of a group of dedicated general practitioners into an internationally recognized and professionally accredited academic College with standardized basic and higher vocational training programmes, various levels of professional examinations and more than seven hundred College fellows. Our College’s pioneering efforts in upholding high quality Family Medicine education and training have sowed the seeds with its recognition as a well-established academic body providing training courses, educational programs and assessment tools not only in Hong Kong but also widely adopted in Macau and China. Furthermore, we are very proud that our College leaders have advanced in leading Family Medicine at international level with Professor Donald Li as President-elect for 2016 - 2018 and President for 2018 - 2020 WONCA World as well as at regional level with Dr Gene Tsoi who is currently the Vice-president for WONCA Asia Pacific Region. Although Our College has come a long way in its achievements, we will continuously need your unflinching support to succeed and meet the challenges ahead.

Over the years, our conference has proven to be an inspiring platform for bringing together over 500 international experts, family physicians, dentists, nurses and allied health practitioners to promote collaborative and networking opportunities in addressing present and future challenges. It offers a fertile environment for sharing latest scientific updates, research activities as well as open exchange of experiences and views on recent developments and trends in primary care.

As the coming 2017 is an extraordinary year for our College, we will add new interesting features to our already exciting programs including more diverse and stimulating pre-conference symposium and many more activities to come!

We are confident that this conference will be a fruitful and memorable experience for you all.
