## **PRESIDENT'S MESSAGE (DR. DONALD K T LI)**

This year marks the 25<sup>th</sup> anniversary of the Hong Kong College of Family Physicians. In 1976, the Hong Kong College of General Practitioners was formed under the leadership of my late father Dr Henry F.K. Li as Chairman of the Interim Council and officially inaugurated in 1977 by founding president Dr Peter C.Y. Lee. I must pay tribute to all those who took bold steps to establish general practice into an academic discipline as well as a specialty. The delivery of quality primary care is thus promoted through the practice of family medicine.

We have indeed come a long way and family medicine continues to gain more and more public recognition as well as recognition by our peers in the other specialties. Yet we continue to remind ourselves everyday to promote the concept and philosophy of family medicine to all general practitioners who remain the best gatekeepers to the problem-ridden healthcare system in Hong Kong.

We introduced the Primary Medical Care Certificate in 2000. Although it was not well received, the concept of medical audit of community-based care was successfully introduced. The Practice Assessment Package was distributed to all our members last year. Without the threat of assessment by the authorities, this proved useful and popular. Next year, our College plans to launch a distant learning diploma course in family medicine. It is our aim to encourage each and every general practitioner to strive for excellence. With proper incentives and recognition, I am confident this will be achieved in the near future.

As my second term of presidency comes to an end, I would like to thank each and every member and fellow for their support. I would also like to take this opportunity to thank Ms Fanny Lau for her dedicated service to our College. She will be leaving us in September after 5 years of service. Last but not least, I must also thank all the secretariat staff for their hard work. I would like to take this opportunity to welcome Ms. Sarah S. W. Cheung who joined us on 5 September 2002 for the replacement of Ms. Fanny Y. F. Lau as the College's new Executive Manager.

## **HONORARY SECRETARY REPORT (DR. IP KIT KUEN)**

The Hong Kong College of Family Physicians, formerly known as Hong Kong College of General Practitioners was established in July 1977. In the past quarter of a century, our College strived to develop the discipline of family medicine. A series of functions have been organized to hallmark these twenty-five years' achievements.

The college continued to maintain international contacts and to upkeep our standards of training and education in family medicine. Renowned overseas scholars were invited to our college activities. In October 2001, Dr Howard Watts and Dr Natalie Old, external examiners from Royal Australian College of General Practitioners (RACGP), were invited to observe our Conjoint Fellowship Examination. In January 2002, the Director of Quality Assurance (QA) and Continuing Professional Development Programs (CPD), RACGP, Dr. Peter Maguire, came and looked into our quality assurance programme. With his positive support, the reciprocal agreement between the RACGP and the HKCFP regarding QA and CPD was continued. In March 2002, Dr. Paul Hemming, President of RACGP, and Prof. Robin Fraser, Professor of General Practice, University of Leicester Warwick Medical School, were invited to our conferment ceremony. At the same occasion, Professor Robin Fraser delivered the Sun Yat Sen Oration and he was conferred our Honorary Fellowship.

Correspondingly, our College appointed delegates to attend overseas academic meetings. In April 2002, delegates attended the Asia-Pacific regional WONCA conference in Malaysia. In June 2002, college representatives attended the Europe regional WONCA conference. During this conference, our President, Dr. Donald Li, and the college representatives met the President of Royal College of General Practitioners, Dame Lesley Southgate. Viewpoints on family medicine and standards had been exchanged. The possibility of the accrediting our College examination towards MRCGP[INT.] was discussed. In July 2002, delegates including our Founding President, Dr. Peter Lee, attended the 4-party meeting at Kunming, which was hosted by the Chinese Medical Association. At this meeting, members of our College were nominated to the various Committees of the Organizing Committee of the Beijing Asia-Pacific Regional WONCA meeting in 2003.

With the advent of e-communication, web-base information exchange became more and more popular. The official journal of the College, The Hong Kong Practitioner, had been placed in the college website. Members could find back issues of this journal. With this online programme, members might check their CME or CPD points upon login. Multiple Choice questions (MCQ) might be completed in the web. For those who had not visited the college website, you would like to note that our website is [www.hkcfp.org.hk](http://www.hkcfp.org.hk).

Last year, our College started to offer structural diploma programme. The first one was the Diploma in Medical Ultrasound, which was jointly organized with the School of Professional and continuing Education (SPACE), the University of Hong Kong. This course included a medical ultrasound module from University of Ulster, teaching and practice modules by local specialists as well as a training workshop in the Guangdong Provincial Hospital of TCM. The first batch of students had graduated in August 2002. In addition, the College was exploring the opportunity of offering a Diploma in Family Medicine programme. This course would strike the balance of theoretical knowledge and practical skills of family medicine.

The Board of Examination had a busy year in 2002. Near a hundred members applied to sit the Conjoint Fellowship Examination. The number of candidates was expected increasing. The examination format would be modified to cater for the escalating demand. This new format will be first introduced in 2003.

Apart from what were mentioned here, other important events would be detailed in the reports by different boards and committees. On behalf of the college, I would like to express our most sincere thanks to all parties, which had offered their unfailing supports and talents. I would also like to thank our secretariat, which had provided their professional services, in particular, our executive manager, Ms Fanny Lau.

Dr. Ip Kit Kuen (Honorary Secretary)  
Dr. Chan Hung Chiu, Peter (Honorary Treasurer)

### **Administrative Executive :**

Ms. Jessica Cheng (May 18, 2002 onwards),  
Ms. Alice Ting (up to March 22, 2002)

Similar to previous years, the Board organized a variety of educational activities tailored to the needs and demands of members. In addition to the usual luncheon scientific meetings, annual medical updates on different specialties were organized all round the year. Two new updates were organized namely, Surgical and Radiology Updates. They stirred up new interests and were particularly attractive. Other updates such as Paediatrics, Psychiatry, ENT, Gynaecology, Ophthalmology and Dermatology were also well attended. The Board wished to thank the members for their opinions in feedback questionnaires which were very helpful for planning new topics for on-coming updates.

Since the introduction of Continuous Professional Development (CPD), the Board strived to facilitate and promote such developments among members. The submission of CPD logs of lectures/seminars were gaining popularity and the responses were most encouraging.

The Distance Learning Course for helping members to prepare for the Conjoint Fellowship Examination was organized again and satisfaction of attendants was a great reward to all the diligent tutors. More tutors were interested to join in to help fellow members. The strengthening relation between colleagues was most rewarding to all. The course was renamed as Assessment Enhancement Course to reflect the nature and contents of the teachings.

Annual Refresher Course, our major year-end event, was again well received by members. Again, thanks to the active feedback from members, valuable opinion and suggestions were collected.

Clinical Hospital Attachments were organized on ENT, Geriatrics, Paediatrics and Orthopaedics. All these attachments were well attended.

Thanks to the enthusiastic support of The Hong Kong College of Physicians, the Certificate Course in Internal Medicine was successful. The attendants were rewarded with overwhelming knowledge on advances in medicine. In view of the good response, a similar course would be launched in the coming year.

The Diploma Course in Medical Ultrasound organized with The School of Professional and Continuing Education of University of Hong Kong (HKU SPACE) which consisted of a distance learning theoretical component offered by University of Ulster and a local practical component with practice workshops in Guangzhou, was successfully completed. The course offered a precious opportunity for general practitioners to learn both knowledge and practical skills of medical ultrasound. The organizing committee paid a visit to Guangdong Provincial Hospital of T.C.M. at the end of the course to secure further collaboration.

Thanks to the unfailing support of Dr. Cheng Chun Ho, our Cardiologist friend and teacher, CPR training workshops and examinations were organized as usual. Instructor workshops for up-keeping standards and recruiting new instructors were also organized. The Board welcomed Dr. Pun Chiu On, our new Cardiologist colleague who joined us this year.

There were 39 Small Discussion Groups registered with the Board. As in last year some groups actively participated in writing up local management protocols of common diseases and earned extra CPD credits.

Videocassette viewing sessions were offered at convenient time and venues to members as in the past years.

Community-wise, the Board collaborated with the Department of Health and The Hong Kong Medical Association in an Exercise Promotion Campaign to enhance public awareness of the importance of exercise in health promotion. The Board supported The Jockey Club Centre for Osteoporosis Care and Control, The Chinese University of Hong Kong, in promoting an Osteoporosis Campaign and shared care programme.

Starting from last year, the Board moved into the Internet age. Abstracts submitted by speakers in luncheon lectures and seminars could be accessed at the Board of Education Bulletin of the College website. This provided an alternate route of learning for members who could not attend these meetings.

Lastly, at time of writing of this report, the Board was planning to organize a Diploma course in Family Medicine with The Department of General Practice, Monash University. We hoped to open a new voyage for our members into the world of Family Medicine.

I was indebted to all my colleagues in the Board for their efforts, inventiveness and dedication in helping the Board to organize the various educational activities. I would also like to thank the Council for her full support. In addition, we had to thank all sister Colleges, Hospital Departments, Department of Health, Universities and Pharmaceutical Sponsors for supporting our various educational activities.

#### Administrative Executive : Ms. Mandy Li

The Exit Assessment Committee conducted a Supplementary Exit Assessment in September, 2001. Five candidates took the supplementary exit assessment and three candidates successfully completed and passed the whole EA.

The 2002 Exit Assessment was held from January 4 to March 7, 2002. Nine candidates attempted the assessment and one candidate successfully completed and passed the whole EA. Professor Robin Fraser was the External Assessor of the 2002 Exit Assessment.

The committee organized a Pre-Exit Assessment Training Workshop on the Exit Assessment, Standardization Workshop for Assessors of each segment including Practice Assessment, Clinical Audit and Consultation Skills Assessment. The Standardization Workshop for Clinical Audit was run by Professor Robin Fraser with excellent response from assessors. A Debriefing Session for all assessors was also organized after the Exit Assessment to collect feedback on the assessment.

The committee welcomed 3 new members : Dr. Chan Ming Wai, Dr. Chan Suk Yin & Dr. Lam Hon Man. Our committee thanked Dr. Linda Hui for her contribution as a co-ordinator of Clinical Audit Segment for the past years and welcomed her stay as committee member. Dr. Lam Hon Man would be the co-ordinator of the Clinical Audit Segment for the coming year.

The committee would like to thank all the assessors for their hard work in making the Exit Assessment running smoothly and fairly.

### PRIMARY MEDICAL CARE CERTIFICATE COMMITTEE

Chairman : Dr. Ip Kit Kuen

Ex-officio : Dr. Donald Li  
Dr. Wong Hung Wai  
Dr. Chan Hung Chiu  
Advisors : Dr. Chan Kwok Wai  
Dr. Stephen Foo  
Prof. James Dickinson

**Committee Members** : Dr. Chan Chun Hon  
Dr. Liu Wing  
Dr. Dorothy To  
**Administrative Executive** : Ms. Winnie Cheung

Practice Assessment Package (PAP) was launched last year. All members had received a copy. Six clinics in Tseung Kwan O, under the management of the Haven Of Hope Christian Service, used this package to carry out a peer review and used it as a measure to improve their services. The results of this exercise had been presented in the four-parties meeting in Kunming, which was hosted by Chinese Medical Association.

Primary medical care certificates were renewed to the current PMCC holders, who possessed the most current Post-graduate certificate.

I would like to express my most sincere thanks to those who had offered their unflinching help to the committee, especially, Ms Winnie Cheung.

## **Changes in the BVTS**

The Board of Vocational Training and Standards had had a very busy year with a significant increase in the number of vocational trainees, training practices and clinical supervisors. The Board welcomed Dr. Lam Hon Man and Dr. Pau Wai Man as new members of the Board. We were sorry to receive the resignation from Dr. Henson Chu and Dr. Kwong Bi Lok as Board members and the Board wished to accord a vote of thanks for their contributions in the past year. Last but not the least, the Board wished to thank Dr. Lam Tsan, the Immediate Past Chairman for his contribution and invaluable leadership over the past few years.

## **Hospital Training Posts**

This year, the number of trainees in Basic Training continued to have a significant increase because of our Board had accepted a number of doctors from Hospital Authority to join our Basic Vocational Training Programme. We had over 250 basic trainees and about 1/3 of them were in community based training and 2/3 were in hospital based training. The number of trainees in Higher Vocational Training in Family Medicine also continued to increase. The list of our trainees in 2001/2002 is listed in Appendix A. The list of our current Honorary Clinical Supervisors for Higher Vocational Training in Family Medicine is listed in Appendix B.

## **Additional Training**

Many additional trainees had started their training programme and the progress was satisfactory. Some of them had already finished their required additional training and had successfully passed the Exit Assessment of our College.

## **Output**

Congratulations to our trainees, Dr. Chan Chung Yuk, Alvin, Chan Sze Luen, David, Fang Oi Sze, Elsie, Dr. Kwong Kin Chung, Dr. Lai Kit Chi, Dr. Lam Ying, Dr. Luk Kam Hung, Dr. Mok Wai Che, Lena and Dr. Ng Ching Luen for passing the HKCFP/RACGP Conjoint Examination in 2001 and for being elected Fellows of the Hong Kong College of Family Physicians and the Royal Australian College of General Practitioners.

The Board certified completion of 4 years of Basic Training in Family Medicine for the following trainees in 2001:-

| 12. Dr. Lau Hon Chung       |                                   |

The Board certified completion of 2 years of Higher Training in Family Medicine for Dr. Hung Wai Yin, Kwong Ka Wah and Dr. Lau Tai Wai in 2001.

The Board also certified completion of Additional Training in Family Medicine for Dr. Chuh An Tung, Dr. Kwong Bi Lok and Dr. Lui Yau Han, Rupert in 2001.

## **Appreciation**

I would like to take this opportunity to express my sincere thanks to all our Board members, honorary clinical supervisors and mentors for their hard work and commitment, for without which our Training Programme would not be such a success. The contribution and commitment of Ms Kris Lam to the work of BVTS has undoubtedly reinforced this success. BVTS looks forward to the challenges of another exciting year ahead. We hope to continue to improve our Training Programme towards recognized international standard and to be able to participate in the development of Family Medicine in our Region.

*HK Pract* continued to be one of the most popular medical journals in Hong Kong and the region. Submissions of manuscripts by authors from family physicians and clinicians from different specialties remained strong throughout the year.

As Chief Editor, I wish to thank every member of the Board, the Editorial Advisers, the authors who have submitted their manuscripts to the Journal and the College Secretariat for their unfailing support and hard work. We have received very encouraging comments from both local and overseas colleagues. We look forward to another fruitful year ahead in serving our growing number of readers and supporters of our Journal.

As in past year, there was less sponsorship of College's events due to economic recession. However annual medical updates, refresher courses and luncheon scientific meetings were still widely supported. Our Journal remained one of the most popular and widely circulated medical literatures locally. Advertisements in our journal and circulation services to members were still in adequate demands.

On behalf of the College, I would like to express my gratitude to all of the following organizations and pharmaceutical firms for their unfailing support:

**COUNCIL MEMBER-ON-DUTY (CMOD) SYSTEM**

**Coordinator : Dr. CHAN Hung Chiu**

**Executive Manager : Ms. Fanny LAU**

**Administrative Officer : Ms. Kris LAM**

The CMOD system has been running smoothly for more than one year now. Up to June 2002, we have altogether received 18 inquiries from our members concerning matters related to our College and to Family Medicine. (Table 1) The most frequently asked topic (4 out of 18 inquiries) was about the CME accreditation in our QA&A Programme. All the inquiries, comments and suggestions from our members were received with great attention. They were then directed to the respective Board or Committee for necessary follow-up actions. All these ideas and comments were extremely constructive and useful to the College not only for further improvements but also for the future developments of our College policies. Overall this form of communication has generally been well accepted. The feedback statistics from the users of the CMOD System are also enclosed. (Table 2) As the College Council would like to continue providing this service, I am expecting more fellows and members would make use of this system in the coming year.

I would like to take this opportunity to thank all those members for their invaluable comments and support. I would like to thank all our Council members who have contributed in communicating with the College members and answering their inquiries in the past year. I would also like to thank Ms. Fanny Lau, our Executive Manager, and Ms. Kris Lam, our Administrative Executive, for their support and services.

### **Application Development - Membership Management System (MMS) and Web Development**

College has started the development of MMS since early 2001 and for the past year, development has concentrated on debit note generation and web development. The web development includes the CME inquiry, online MCQ completion and the checking of major payments status, being planned for launching in July this year together at the celebration of the 25<sup>th</sup> Anniversary of our College.

Besides, we have set up an "Archive" section at our web so that members can view and download the old journals from year 2001 and the MCQ papers for the past 10 years (from 1992) at our web. To support the web development, our hosting plan has been upgraded to a storage of 150 MB.

### **Hardware Maintenance**

A USB bar code reader has been purchased for the new MMS.

As the printer at the College secretariat was worn out with heavily usage, a HP LaserJet 4100 DTN Printer has been purchased with a trade-in of our old problem printer.

At special bargain price, 10 NEC 15" LCD Monitors (350:1) were purchased to replace those problem ones and being upgraded for better utilization of space, as well as improving occupation health.

Two new PCs (IBM NetVista A22P P4 2.0 Hz with CDRW) are purchased to replace those slower machines.

A new USB CDRW drive was purchased for burning CD ROMs.

In order to meet the increasing demand for the use of portable notebook for speakers' and College presentation, one notebook (Compaq Amada 110 Notebook PIII 8000 64MB RAM 10GB HDD, LAN, Modem, 24X CDROM, 1.44 MB Floppy Drive) has been purchased.

A new hub with 24 ports has been purchased for replacement and upgrade.

### **Software Maintenance**

Software on Adobe Pagemaker for Editorial Board and Adobe Acrobat 5.0 Chinese for College secretariat have been purchased for more effective office automation.

An upgrade on the existing plan for software maintenance with additional 30 man hours was made with CL Technical Services Limited early 2002. All software, including antivirus, are current at properly licenced.

### **Staff Training**

In order to better equip our staff with LAN technology, staff has been sent to training in basic LAN technology.

### **Welcome of new Member :**

The Committee welcomed Dr. Alfred K Y Tang joined the Computer Committee with his experience in CME programme development.

### **Resignation of Membership**

Thanks to the contribution to the following members who have been members of Computer Committee during the past years :

**Administrative Executive** : Ms. Pinky Leung

As in previous years, with the careful monitoring by the finance committee, the financial situation of the College continues to remain sound and healthy. Our financial reserve keeps on growing steadily. There is now a deposit of over 12 million dollars in our accounts. To avoid high-risk investment, funds are carefully placed, with over 5 million dollars in time deposits, 2 million dollars in guaranteed funds and over 2.5 million dollars in US Bonds.

I would like to express my sincere thanks to Dr. Donald Li, our President, Dr. Wong H.W., our Vice President, Dr. Ip Kit Kuen, our Honorary Secretary, Dr. Raymond Lo, our Business Manager, and Pinky Leung, our Administrative Executive, for their continuous support and services. I would also like to thank Mr. C.F. Cheung, our Honorary Auditor, for his professional advice and services.

Since its establishment 25 years ago, our College has witnessed a steady growth of membership. Currently, we have an expanding team of young members, most of them being our vocational training trainees. In addition, our College also attracts a group of experienced doctors from private sectors, who join rank with us, to pursue for a higher quality of primary care.

A Privacy Policy for the HKCFP has been formulated for our members' reference. Please go to our College web-site for your perusal.

### Administrative Executive: Ms. Mandy Li

The main task of the Nomination Committee is to scrutinize applications for nomination to Fellowship of the Hong Kong Academy of Medicine in Family Medicine. It also examines applications for assessment of FHKAM (Family Medicine) equivalent standard according to the regulations laid down by HKAM and our College Councils.

Four fellowship nominations were submitted by our College and all were approved by the Hong Kong Academy of Medicine in the Year from October 2001 to September 2002.

### PUBLIC EDUCATION COMMITTEE:

**Chairman : Dr. Ip Kit Kuen**

**Ex-officio :** Dr. Donald K.T. Li  
 Dr. Wong Hung Wai  
 Dr. Chan Hung Chiu

**Members :** Dr. Chan Kin Ling  
 Dr. Betty Kwan  
 Dr. Raymond Lo

**Administrative Executive : Ms. Winnie Cheung**

The public education committee continues to provide health care information to the media and promote public health education. Last year, our college planned a territory-wide exercise to promote cervical cancer screening. A series of workshops were held over the territory for primary care doctors. These workshops focused on the latest technique in sampling cervical cells as well as emphasizing the role of primary care doctors in the promotion of cervical cancer screening. The committee facilitated a press release and answered queries from the public. The committee chairman had joined the Task Force of Health Care Professional on Tobacco Control initiated by the Hong Kong Medical Association. The Task Force targeted to promote tobacco ban in restaurants. In addition, there were other activities as listed below.

I would like to express my gratitude to all those who have provided assistance and advice to the committee and, particularly, to our administrative executive, Ms. Winnie Cheung.

The following is the list of public education activities:

Ms. Alice Ting (up to March 22, 2002)

This is the 3<sup>rd</sup> Continuous Professional Development (CPD) year. Most of our effort this year was devoted to improving the quality of our CPD programs. Our "Clinical Audit as a Continuous Profession Development option of Quality Assurance" was revised and updated with an additional audit protocol on prevention. In order to save the time cost of our members being physically present at educational activities, the Professional Development Log had been expanded to cover topics published in the College Journals. Also, critical appraisal was introduced to our CPD programs as a means to encourage Evidence Based Medicine among our members.

We welcomed the visit of Dr. Peter Maguire, the Chairman of the QA&CE committee from the Royal Australian College of General Practitioners early this year. With his scrutiny and input, our QA programs are now recognized by the Royal Australian College of General Practitioners Under Reciprocal arrangement. Members who succeeded in getting our annual QA certificate are deemed to fulfill the basic annual requirements of the Royal Australian College of General Practitioners.

In 2001, 144 members and 90 College fellows had completed the Quality Assurance and were awarded the 2001 Certificate of Quality Assurance. Another 141 members had achieved the minimum 30 credit hours to maintain their names in the active list.

This year, 2 HKAM fellows failed to maintain their HKAM's minimum annual requirement of 15 credit hours. One of them had passed away and we have lost contact with other.

### THE HONG KONG COLLEGE OF FAMILY PHYSICIANS

#### REGULATIONS FOR AWARD OF CERTIFICATE OF QUALITY ASSURANCE (Academic Year: January 2002 - December 2002)

All Fellows and members of our College (except student & affiliate members) are automatically registered with the Quality Assurance Programme (QA) at the beginning of each academic year. Accreditation will be recorded throughout the year in the form of "credit points". At the end of the academic year, summation of the total score will be recorded in the member's record. A Certificate of Quality Assurance will be awarded to those Members and Fellows who have satisfied the requirements listed in Section 2 below, upon payment of an administrative fee of HK\$200. The total number of "credit points" accumulated will be endorsed on the Certificate as recognition of performance in Quality Assurance.

- (1) The Award of the Certificate of Quality Assurance is open to all participants of the QA Programme. **Fellows and members of the HKCFP** must fulfill the requirements of the Certificate of Quality Assurance in order to maintain their active status. In addition, **Fellows of the Hong Kong Academy of Medicine (Family Medicine)** have to comply with the regulations set by the Hong Kong Academy of Medicine, which are summarized under section 3.
- (2) The requirement for the award of the Certificate of Quality Assurance shall be **30 credit points** within the academic year. Fellows and members must participate in **a minimum of 3 different types of activities** to be eligible for the certificate, subject to the following provisions: -

- 2.1 **At least 10 credit points** must be obtained from the Continuous Professional Development (CPD) activities (listed in subsections 4.1 to 4.22).

2.2 **At least a combined total of 20 credit points** must be obtained from a combination of the Continuous Professional Development activities (subsections 4.1 to 4.22) and the CME activities organized by the Hong Kong College of Family Physicians (subsections 5.1 to 5.8).

2.3 **A maximum of 15 credit points** will be considered for each subsection of educational activity

Please note that subsection 2.3 only applies to the calculation of the total credit points requirement for the award of the Certificate. When a participant qualifies to be awarded the Certificate, the actual number of credit points scored will be recorded on the Certificate.

(3) The Quality Programme of the FHKAM consists of three-yearly cycles. All FHKAM (FM), including overseas fellows, are required to register with the Quality Assurance programme at the beginning of each year (January). Accreditation will be recorded throughout the academic year in the form of credit points. The annual & total accumulative score of the 3-year cycle will be sent to the Fellows concerned after the end of each academic year. As our College's Assurance programme is structured on a calendar year basis, the 3-year QA cycle for new HKAM fellows who are conferred between January 1 to June 30 will be adjusted back to January of the same year. For new fellows who are conferred between July 1 to December 31, the QA cycle will commence on January of the following academic year. All FHKAM (FM) are required to fulfill the following Quality Assurance criteria:

3.1 All AM Fellows must attain a minimum of 15 credit points in each year of the three-year cycle.

3.2 All AM Fellow must attain a minimum of 90 credit points over the three-year cycle.

3.3 No more than 50 credit points per 3-year cycle may be awarded for any one of the three main types of Quality Assurance activities (Continuous Professional Development, Continuing Medical Education and other Educational Activities).

**Honorary Advisors** : Professor Tony Dixon  
Professor James Dickinson  
**Administrative Executive** : Ms. Jessica Cheng

This year, Drs. Cheong Shao Nuan Philip, Lau Ho Lim, Cheung Kit Ying Andy and Lee Kai Yuen would be retiring from serving the Research Committee. The Committee would like to thank them for their contributions in the past and would look forward to working with them again in the future when the opportunity arises. Dr Tang Shao Fen Joyce has taken up the position of Deputy Chairperson of the Committee since the beginning of 2002. We wish to thank all the Committee members and the College secretariat for their unfailing support over the past twelve months.

The race for HKCFP Annual Research Award was very competitive again this year. There were two winning projects which scored the highest and equal marks. The projects were entitled "Chinese Fishermen's Expectations on Medications" submitted by Dr. Lam Tai Pong, and "Communication Skills of Experienced General Practitioners: Is there room for improvement and how much can it be improved?" submitted by Dr. Cynthia S. Y. Chan.

The ICPC-2 Chinese version was well received by colleagues in Hong Kong. Many copies had already been purchased since its launch in later half of 2001.

Finally, I wish to thank all who have provided assistance to the Research Committee and look forward to closer collaborations in the future.

**HONORARY TREASURER**

**Honorary Treasurer** : **Dr. Chan Hung Chiu**  
**Members** : Dr. Donald K T Li (Ex-officio)  
Dr. Wong Hung Wai (Ex-officio)  
Dr. Ip Kit Kuen (Ex-officio)

**Administrative Executive** : Ms. Pinky Leung

The financial situation of our College remained stable for the year 2001-2002. We are now having over 12 million dollars in reserve.

I would like to thank the Ex-officio for their excellent advice on the investments of our reserve.

We are now keeping over 1 million dollars fixed deposits, 1 million dollars certificate of deposit and 1 million dollars guaranteed fund in the accounts of HSBC; 350 thousand dollars US Bonds deposit, 1 million dollars fixed deposit and 1 million dollars guaranteed fund in the accounts of Bank of East Asia; and over two million dollars time deposit in the accounts of Chekiang First Bank Ltd.

For the year 2001-2002, our expenditure was well maintained, with the figure kept almost the same as that of last year. Our sponsorships for WONCA (HK\$10,000.00), ICPC2 (HK\$30,500.00), Family Medicine Prizes to HKU & CUHK (HK\$20,000.00), and others (HK\$1,500) had reduced to a total of HK\$62,000.00. However, substantial expenditure was still spent to maintain our College Secretariat and to pay for our College functions and management fees.

Our income, on the other hand, had recorded a slight decrease as compared to last year. Decline in donations and sponsorships from various pharmaceutical companies was still a problem in the past year. Our major income came from the Board of Education (HK\$1,232,600), Membership Committee (HK\$1,218,980), Editorial Board (HK\$827,247), Board of Examination and Assessment (HK\$1,340,600), Board of Vocational Training and Standards (HK\$725,033), and Finance Committee (HK\$398,650).

For the coming year, owing to the continual general economic hardships and the lacking in sponsorships from various sources, I would foresee a negative balance in our budget.

I would like to thank Mr. C.F. Cheung, our Honorary Auditor, for his professional advice and services.

I would also like to thank Ms. Pinky Leung, our Administrative Executive, for her hard work in taking care of our accounts.

Dr. Yiu Yuk Kwan (Elected on 13 December 2001)

In accordance with Article 34 of the College's Articles of Association, the President, Vice-President, Hon. Secretary and Hon. Treasurer and not exceeding one-third of the other members, shall retire from office and being eligible offer themselves for re-election.

**INTERESTS OF COUNCIL MEMBERS**

No contracts of significance to which the College was a party and in which a council member had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

**COUNCIL MEMBERS' RIGHT TO ACQUIRE DEBT SECURITIES**

At no time during the year was the College a party to any arrangements to enable the council members of the College to acquire benefits by means of the acquisition of debt securities (including debentures) of the College or any other body corporate.

**MANAGEMENT CONTRACTS**

No substantial contracts concerning the management and administration of the College were entered into or existed during the year.

**AUDITOR**

The financial statements have been audited by Messrs C. F. Cheung who retires and, being eligible, offers himself for re-appointment.

**On behalf of the Council**

**Chairman**  
**HONG KONG, 26 September 2002**

**REPORT OF THE AUDITOR TO THE MEMBERS OF  
THE HONG KONG COLLEGE OF FAMILY PHYSICIANS  
(Limited by guarantee)**

I have audited the financial statements set out on pages 71 to 75 which have been prepared in accordance with accounting principles generally accepted in Hong Kong.

**Respective responsibilities of the Council and Auditor**

The Companies Ordinance requires the Council to prepare financial statements which give a true and fair view. In preparing financial statements which give a true and fair view it is fundamental that appropriate accounting policies are selected and applied consistently.

It is my responsibility to form an independent opinion, based on my audit, on those statements and to report my opinion to you.

**Basis of opinion**

I conducted my audit in accordance with Statements of Auditing Standards issued by the Hong Kong Society of Accountants. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Council in the preparation of the financial statements, and of whether the accounting policies are appropriate to the College's circumstances, consistently applied and adequately disclosed.

I planned and performed my audit so as to obtain all the information and explanations which I considered necessary in order to provide me with sufficient evidence to give reasonable assurance as to whether the financial statements are free from material misstatement. In forming my opinion I also evaluated the overall adequacy of the presentation of information in the financial statements. I believe that my audit provides a reasonable basis for my opinion.

**Opinion**

In my opinion, the financial statements give a true and fair view, in all material respects, of the state of affairs of the College at 31 March 2002 and of its results for the year then ended and have been properly prepared in accordance with the Hong Kong Companies Ordinance.

**THE HONG KONG COLLEGE OF FAMILY PHYSICIANS**  
(Limited by guarantee)

**NOTES TO THE FINANCIAL STATEMENTS**

**1. LEGAL STATUS**

The College is a company limited by guarantee and not having a share capital. The liability of each of its members, in the event of its being wound up while he is a member, or within one year after he ceased to be a member for payment of the debts and liabilities of the College contracted before he ceases to be a member, and costs, charges and expenses of winding up, and for the adjustment of the rights of the contributories among themselves, is limited to an amount not exceeding HK\$10.

**2. SIGNIFICANT ACCOUNTING POLICIES**

**(a) Property, plant and equipment**

Property, plant and equipment are stated at cost less accumulated depreciation.

The cost of an asset comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditure incurred after the fixed assets have been put into operation, such as repairs and maintenance costs, is normally charged to the income statement in the period in which it is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of the asset, the expenditure is capitalised as an additional cost of the asset.

The gain or loss on disposal or retirement of an asset recognised in the income statement is the difference between the sales proceeds and the carrying amount of the relevant asset.

Depreciation is calculated on the straight line method at the following rates to write off the costs of the assets over their estimated useful lives.

Furniture, fixtures and equipment 15% p.a.

**(b) Revenue recognition**

Entrance fees from members are recognised in the financial year of receipt.

Annual subscription fees are recognised on a time proportion basis.

Interest income is recognised on the time proportion basis taking into account the principal outstanding and the effective rate of interest applicable.

**(c) Foreign currencies**

Transactions in foreign currencies are translated at exchange rates ruling at the transaction dates. Monetary assets and liabilities in foreign currencies at the year end are translated at rates of exchange ruling at the balance sheet date. All exchange differences are dealt with in the income statement.

### 3. TAXATION

Provision for Hong Kong profits tax has been made in the financial statements at 16% (2000:16%) of the estimated assessable profits for the year.

The taxation charges is made up as follows:

|                        | 2002<br>HK\$    | 2001<br>HK\$    |
|------------------------|-----------------|-----------------|
| Provision for the year | 20,565<br>===== | 12,121<br>===== |

No provision for deferred taxation has been made as the effect of all timing differences is immaterial.

On behalf of the Board

Chairman  
HONG KONG, 26 September 2002

## **REPORT OF THE AUDITOR TO THE MEMBERS OF** **HKCFP EDUCATION LIMITED** **(Limited by guarantee)**

I have audited the financial statements set out on pages 78 to 81 which have been prepared in accordance with accounting principles generally accepted in Hong Kong.

### **Respective responsibilities of the Directors and Auditor**

The Companies Ordinance requires the Directors to prepare financial statements which give a true and fair view. In preparing financial statements which give a true and fair view it is fundamental that appropriate accounting policies are selected and applied consistently.

It is my responsibility to form an independent opinion, based on my audit, on those statements and to report my opinion to you.

### **Basis of opinion**

I conducted my audit in accordance with Statements of Auditing Standards issued by the Hong Kong Society of Accountants. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

I planned and performed my audit so as to obtain all the information and explanations which I considered necessary in order to provide me with sufficient evidence to give reasonable assurance as to whether the financial statements are free from material misstatement. In forming my opinion I also evaluated the overall adequacy of the presentation of information in the financial statements. I believe that my audit provides a reasonable basis for my opinion.

### **Opinion**

In my opinion, the financial statements give a true and fair view, in all material respects, of the state of affairs of the Company at 31 March 2002 and of its results for the year then ended and have been properly prepared in accordance with the Hong Kong Companies Ordinance.

On behalf of the Board

**Chairman**  
**HONG KONG, 26 September 2002**

**REPORT OF THE AUDITOR TO THE MEMBERS OF**  
**HKCFP FOUNDATION FUND**  
**(Limited by guarantee)**

I have audited the financial statements set out on pages 84 to 86 which have been prepared in accordance with accounting principles generally accepted in Hong Kong.

**Respective responsibilities of the Executive Board and Auditor**

The Companies Ordinance requires the Executive Board to prepare financial statements which give a true and fair view. In preparing financial statements which give a true and fair view it is fundamental that appropriate accounting policies are selected and applied consistently.

It is my responsibility to form an independent opinion, based on my audit, on those statements and to report my opinion to you.

**Basis of opinion**

I conducted my audit in accordance with Statements of Auditing Standards issued by the Hong Kong Society of Accountants. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Executive Board in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Foundation's circumstances, consistently applied and adequately disclosed.

I planned and performed my audit so as to obtain all the information and explanations which I considered necessary in order to provide me with sufficient evidence to give reasonable assurance as to whether the financial statements are free from material misstatement. In forming my opinion I also evaluated the overall adequacy of the presentation of information in the financial statements. I believe that my audit provides a reasonable basis for my opinion.

**Opinion**

In my opinion, the financial statements give a true and fair view, in all material respects, of the state of affairs of the Foundation at 31 March 2002 and of its results for the year then ended and have been properly prepared in accordance with the Hong Kong Companies Ordinance.

Chairman

Hon. Treasurer

**HKCFP FOUNDATION FUND**  
**(Limited by guarantee)**

**NOTES TO THE FINANCIAL STATEMENTS**

**1. LEGAL STATUS**

The Foundation is a company limited by guarantee and not having a share capital. The liability of each of its members, in the event of its being wound up while he is a member or within one year after he ceased to be a member for payment of the debts and liabilities of the Foundation contracted before he ceases to be a member, and costs, charges and expenses of winding up and for the adjustment of the rights of the contributories among themselves, is limited to an amount not exceeding HK\$50.

**2. SIGNIFICANT ACCOUNTING POLICIES**

**(a) Investment securities**

Investment securities, which are securities held for an identified long term strategic purpose, are recognised on a trade-date basis and are measured initially and at subsequent reporting dates at cost, as reduced by any impairment loss that is other than temporary.

**(b) Revenue recognition**

Donation received is recognised on receipt basis.

Interest income is recognised on the time proportion basis taking into account the principal outstanding and the effective rate of interest applicable.

**(c) Foreign currencies**

Transactions in foreign currencies are translated at exchange rates ruling at the transaction dates. Monetary assets and liabilities in foreign currencies at the year end are translated at rates of exchange ruling at the balance sheet date. All exchange differences are dealt with in the income statement.

**3. TAXATION**

No provision for Hong Kong profits tax has been made in the financial statements as the Foundation is exempt from tax under Section 88 of the Inland Revenue Ordinance.

**4. EXECUTIVE BOARD MEMBERS' REMUNERATION**

None of the Executive Board members received any remuneration for their services rendered to the Foundation during the year. (2001:Nil)
