PRESIDENT'S MESSAGE (DR. JOHN T.N. CHUNG)

I took over the presidency from Dr. Donald Li last year with the College operating smoothly in all departments. Little did I know that this year we would be thrown into the limelight with the release of the consultative document "Building a Healthy Tomorrow" prepared by the Health and Medical Development Advisory Committee. All of a sudden, we were the focus of intense media attention. Family Medicine and family doctors were examined under the microscope, attracting both curiosity and hostility. Admittedly, some of the reporting in the newspapers was inaccurate or simply fabricated. But it showed how little the public knew about us and what we do. We were not seen to be different from the expensive specialists. The community was, naturally, more concerned with the cost implications of this document.

What has become clear to Council is that we face a public relations challenge. We need to promote our specialty, show the community what we do, share with them why we think we meet their health needs and make them embrace the concept of family medicine. Members of the College have long been in the past co-operating with the media in spreading health education and the concept of family doctors. Council is now taking steps to organize these initiatives into a planned campaign so that the thrust of our efforts will be more keenly felt. With the 30th anniversary of the College in 2007, Council is considering a series of activities from now on to share with the public our aims and achievements. As individual College members, I hope you will also use your unique relationship with your patients to foster a better understanding of our specialty.

The past presidents of the College have been recognized for their stature in Family Medicine by overseas Colleges in Family Medicine/General Practice in being awarded Honorary Fellowships of those Colleges. To add to that illustrious list, Dr. Donald Li became the latest to be honoured. He became an Honorary Fellow of the Royal Australian College of General Practitioners in September and we all congratulate him.

The Honorary Secretary has highlighted the numerous events which have taken place during the past year. Indeed we have been busy and I think we are growing stronger. Our ties with China and Australia are stronger and here at home, we have seen growth in all activities.

I wish to thank members of the College who volunteer their time to work in the various boards and committees, and the Secretariat for keeping us afloat.

HONORARY SECRETARY (DR. CHAN HUNG CHIU)

This year, under the leadership of our new College President, Dr. John T.N. Chung, the HKCFP continues to work hard not only on the promotion of quality family medicine locally and worldwide, but also on setting and maintaining standards for education and quality primary care in Hong Kong.

Internationally, we have again another busy year. In October 2004, our President, Dr. John Chung and our College delegates, had attended the 5-day 2004 WONCA (World Organisation of Family Doctors) World Conference hosted by the American Academy of Family Physician in Orlando USA. And in May this year, our delegates attended the WONCA Asia Pacific Regional Conference organized by the Science Council of Japan and the Japanese Academy of Primary Care Physicians in Kyoto, Japan. As you would probably know, it will be the HKCFP to host the 2009 WONCA Regional Conference. Our Host Organizing Committee, chaired by Dr. Andrew K.K. Ip, has already started its preparatory works for this great event.

In July this year, two representatives from our College had presented papers in a four-party scientific meeting held in Taiwan. In fact, HKCFP is going to co-organize with the Beijing Capital University, a four-party scientific conference next year in Beijing.

This year, we are extremely delighted and honoured to see several of our college Fellows to obtain international recognition for their contributions in the field of family medicine. In October 2004, Dr. Natalis C.L. Yuen, one of our past Presidents, and Dr. Stephen K.S. Foo, another one of our past Presidents and a current College Council Member, were elected as the Honorary Fellows of the Royal Australian College of General Practitioners. In April 2005, Dr. Peter C.Y. Lee, our founding President, and, again, Dr. Stephen K.S. Foo, were elected Honorary Fellows of the Academy of Family Physicians of Malaysia. Dr. Donald K.T. Li, our immediate past president, received his Honorary Fellowship from the Royal Australian College of General Practitioners.

As in all previous years, College activities on training, standards and education remain as active as ever. The reconstruction of Board of Vocational Training and Standards (BVTSS), chaired by Dr. John Chung, is aimed at improving our vocational training program for our expanding number of vocational trainees, who, at present, consist of almost one third of all our members, clinical supervisor and training centres. To improve the quality of our training program and to ensure some standardized training method among the trainers and supervisors involved in the program, train-the-trainers course, as conducted by Professor Robin Fraser, former professor of General Practice at the Leicester and Warwick Medical School in the UK, and the current External Examiner in our Exit Examination, had started in May and will be completed next year.

Our College does not only commit to the training of our local trainees and trainers. After our college had conducted the National Training Programme for Elite GPs co-organised with the Chinese Medical Doctors Association at Shenzhen last August, we were invited again in March this year to conduct the 3-day advanced GP training course, the National Training Programme for GP Trainers, co-organised with the Capital University of Medical Sciences in Beijing. In fact, the College would anticipate more academic and training activities in collaboration with the health authorities of China in the future. We would also anticipate more future collaborations with the Ministry of Health in the development of Family Medicine in the Mainland China.

After many years of the introduction of the concept of Continuous Professional Development (CPD), the CPD and Quality Assurance programs of the College have gained well acceptance. The number of QA certificate holders remains high this year.

Following the introduction of a new format written examination last year, the College Conjoint Examination has finally taken its new format Objective Structured Clinical Examination (OSCE) this year. The transition into the entire new format Conjoint HKCFP/RACGP Examination will be completed in 2005. With the increasing number of applicants, the new format examination will not only improve its validity and reliability, but will also reduce its logistic demands. This year, a new award, The Best Candidate Award 2004, was introduced for the first time in the Conjoint Examination. While we are glad to witness a new record of 48 fresh College (Conjoint Exam) Fellows this year, we are also happy to have 13 successful candidates who had passed the Exit Examination and were nominated as Fellow of the Hong Kong Academy of Medicine (Family Medicine).

Our diversified educational activities and the Diploma in Family Medicine (DFM) course continue to receive its popularity as demonstrated by its large number of participants every year. This year, there were altogether 34 doctors to obtain the Diploma in Family Medicine, DFM (HKCFP).

To promote research activities among family physicians is another major task of HKCFP. In addition to present our yearly Best Research Award to the winning researchers, the HKCFP has granted our first HKCFP Research Fellowship 2005 to Dr. Amy K.L. Chan, who is one of our College Fellows in private practice, for her research project.

It has been a long time since the College had published promotional pamphlets on our discipline of Family Medicine. To help better promotion of Family Medicine among our patients and general population, the Family Medicine Promotional Pamphlet Design Competition had been organized earlier this year and a Medical student, Miss Kirsty W.C. Lee, won the award. I am sure this attractive and colourful pamphlet would be an ideal FM promotional supplementary material in all our surgeries. The pamphlet, in Chinese or in English, will be provided free to all the members of the College.

The College secretariat, despite having undergone some drastic rearrangement of personnel, has now come to a more stable situation. We have recruited quite a number of new staff members. Miss Jessica Cheng, who has been working with us for the past few years, has been promoted to become the Executive Manager of our College. I am sure that, with her extraordinary administrative and business managerial skill, we can now have a strong and harmonious secretariat supporting team for the activities of the College.

As mentioned by our President, Dr. John Chung, the consultative document "Building a Healthy Tomorrow" submitted by the Health and Medical Development Advisory Committee (HMDAC) to the Government is still the hot topic not only to our medical profession but also to the general public. While we strongly support the promotion of the concept of family medicine by Dr. York Chow, the Chairman of the HMDAC and the Secretary of Health, Welfare and Food Bureau, we are yet eager to hear the financial planning of this ambitious medical reform. A forum was organized for the members of the College in September this year. Detailed response from the College will be drafted and submitted to the HMDAC in due course.

I have just highlighted some of the major events of the HKCFP in the past year. Readers could refer to the detailed reports from various boards and committees in this Annual Report 2004-2005.

I would like to sincerely thank the Secretariat and Ms. Jessica Cheng, our Executive Manager, for their hard work throughout the year.

THE EXAMINATION

The 18th Conjoint Examination continued to use the New Format Written Examination introduced in 2003. A brand new clinical examination format, the New Format OSCE Clinical Examination, was introduced for the first time this year. It was conducted together with the Written Segment of the New Format Examination and the Old Format Examination. There will be no more Old Format Examination from 2005 onwards.

Preparatory work has been very challenging especially for the OSCE, which was new to our examiners. In addition to individual segment meetings and practice sessions, there were a number of workshops and training sessions whereby all the examination materials were thoroughly discussed and tested, and all the markings were standardized.

Pre-examination course

The course was held to help candidates prepare for the Conjoint Examination and also for interested members as an educational activity.

The timetable was as follows:

MCQ / CI / KFP / MEQ Workshop	July 31, 2004 (Saturday)	HKAM JC Bldg.
MI Workshop	August 7, 2004 (Saturday)	HKAM JC Bldg.
Oral Workshop	August 8, 2004 (Sunday)	HKAM JC Bldg.
PE / DI Workshop	August 14, 2004 (Saturday)	HKAM JC Bldg.
New OSCE Workshop	August 15, 2004 (Sunday)	HKAM JC Bldg.

Workshops for examiners

Examiners' Workshop on the New OSCE Format Exam	March 7, 2004
Information Seminar for the New OSCE Format Exam	March 28, 2004
New OSCE Case Setting Session	June 13, 2004
Key Feature Problem KFP Workshop by Prof Liz Farmer	July 11, 2004
Examiners' Training Camp at PYNEH	October 17, 2004

The Old Format Examination

Written segments:		
CI	September 24, 2004 (Friday)	HKAM Jockey Club Bldg.
MEQ	September 25, 2004 (Saturday)	HKAM Jockey Club Bldg.
MCQ	September 26, 2004 (Sunday)	HKAM Jockey Club Bldg.
Clinical segments:		
DI / MI / PE	October 31, 2004 (Sunday)	Our Lady of Maryknoll Hospital
ORAL	November 3, 2004 (Wednesday)	Ngau Tau Kok Polyclinic

The New Format Examination

Written segments:		
KFP	September 25, 2004 (Saturday)	HKAM Jockey Club Bldg.
MCQ	September 26, 2004 (Sunday)	HKAM Jockey Club Bldg.
Clinical Segment:		
OSCE	November 7, 2004 (Sunday)	Pamela Youde Nethersole Eastern Hospital

Visiting examiners

The visiting examiners from RACGP were Dr. Beth Jane and Dr. Mark Overton. They observed the clinical segments of the examination and contributed many constructive ideas.

Number of candidates

There were 143 candidates applied for the examination, two were declined from the examination and one did not show up on the day of examination. Thus a total of 140 candidates sat the examination: Old Format: 38 (Cat I: 26, Cat II: 12) New Format: 102 (Cat I: 92, Cat II: 10)

Examination Prize

For the first time this year, a prize in the form of "The Best Candidate Award" was awarded to Dr. Ai Hui Fay, who had passed the Conjoint Examination at one sitting and achieved the best performance in the Examination.

The successful candidates were:

CHAIRMAN'S MESSAGE

This year, the College formed a new Board under the name The Board of Diploma in Family Medicine (DFM). The precursor of this Board was the DFM Subcommittee of the Board of Education. The Subcommittee was first established for organizing a course on Diploma in Family Medicine in year 2003. The historic path of this pioneer course was not an easy one. Many difficulties were overcome through explanations, negotiations and collaborations.

The main objective of the DFM course is to provide an alternative pathway for practicing primary care doctors and young medical graduates to learn the concepts and skills required in the practice of good quality family medicine, in particular, whole person care, comprehensive care, continuous care, holistic care, preventive care and gate-keeping which are the core and unique characteristics of the discipline of Family Medicine.

The course is a one-year part-time course with FIVE Compulsory Modules. There are Two Distance Learning Theoretical Modules and Three Local Practical Modules. The Distance Learning Modules are offered through the support of The Department of General Practice, Monash University, Australia. The Clinical Modules are organized by the Board and consist of Structured Seminars, Clinical Updates (including Bedside Clinical Attachments) and Practical Workshops. The aim is to provide a practical, structured and yet flexible mode of teaching which intends to improve the knowledge, skills and attitude of the attendants.

The course was finally launched in 2003. Only thirty-seven doctors were accepted due to the difficulty in organizing Bedside Clinical Attachments in hospitals during the SARS crisis in that year. The standard and performance of attendants were monitored through Continuous Assessment of their course-work and a Final Examination which consisted of a Written MCQ and a Clinical OSCE. The first batch of thirty-four students graduated in June 2004. The Board was delighted that Quotability of the Diploma was granted by the Medical Council of Hong Kong almost immediately in July 2004. This new award Diploma in Family Medicine, The Hong Kong College of Family Physicians, DFM (HKCFP), was indeed a major accomplishment of the Board and marked another important milestone of the College.

"We see more by our ears" - The Board performed post-course evaluation surveys on the students' satisfaction of the course. The feedbacks were encouraging and constructive. The intake of students rose to fifty-four in the second year. Doctors from different sectors joined the course including Private General Practitioners, Trainees from different specialties of the Hospital Authority and Doctors from Department of Health.

Currently, there are sixty-five doctors undertaking the course in year 2005. The Board is not complacent with the current achievements and strives to improve the standard of the course through critical evaluation and implementation of appropriate changes in the way forward.

I would like to take this opportunity to thank Dr. Donald Li who with his far-sighted vision gave innovative ideas and unfailing support to help in organizing the DFM course. I am grateful to Professor Leon Piterman of Monash University for delivering the Distance Modules of the course; Professor Wes Fabb, our External Examiner, Dr. Stephen Foo, Dr. Wun Yuk Tsan and Dr. Wong Hung Wai for their valuable advice and support. I am indebted to all the Board members, Lecturers, Speakers, Examiners, Tutors and Mentors who contributed their time and efforts to help. I also wish to thank our new President, Dr. John Chung who made the decision to establish an independent Board to look after the running and development of the course and the Council for offering us continuing support. Finally, I have to thank the secretarial staff Ms Jessica Cheng, Ms Kara Lo and Ms Paula Wong for their hard-work.

CHAIRLADY'S MESSAGE

As a new chairperson of the Board of Education, it is a blessing to have inherited a team of very capable and supportive members. I have counted on them for their unfailing support in serving the College to organize various types of educational activities for our members. We do have obligation to promote such continuing medical education and professional development, which are vital for the betterment of medical service in our community.

The Board is proud to have one of our subcommittees "Diploma of Family Medicine" grown up to be the Board of the Diploma of Family Medicine. The Clinical Attachment and the Update Seminars arranged by our Board are the compulsory modules to be attended by the DFM candidates. Some of our Board members are also members of the Board of the Diploma of Family Medicine. We have the common mission to promote high quality family medicine and to improve our skills in general practice. The contribution of members from both Boards and Council was unforgettable.

During the year 2004-2005, the Board, as in the previous years, organized the following educational activities for our members. The CME and CPD programmes have been running smoothly.

Video-Library and Video-Cassette Viewing Session

We are proud to announce that we have set up our Video-Library. Since not all members can attend all our lectures, Video-cassette Viewing Sessions showing the videotaped seminars in our Updates and Annual Refresher Course enable the members not to miss any lectures they wish to attend, and also to gain their CME and CPD points.

The Board started organizing monthly video viewing sessions on past Board of Education Seminar Topics since July 2005. The sessions were scheduled on the Last Friday of each month at 2:30 pm - 3:30 pm,

Venue: 8/F, Old College Premises, Duke of Windsor Social Service Building,
15 Hennessey Road, Wan Chai, Hong Kong

Small Group Discussion

Members may form small discussion groups. Guidelines for organizing small groups have been revised and details can be obtained at the College.

The number of Small Discussion Groups has increased to 81. This is encouraging. Members actively participated in writing up local management protocols of common diseases will earn extra CPD points.

Cardiopulmonary Resuscitation (CPR) Training

With the unfailing support of the Hong Kong College of Cardiology, we held two CPR training workshops in 2004. 103 members passed the CPR Examination and were awarded the Certificate of Competency CPR in Basic Life Support.

The Board would like to take this opportunity to thank our cardiologist colleagues, especially Dr. Cheng Chun Ho and Dr. Pun Chiu On. With their support, our CPR training workshops and examinations were running successfully and the Instructor workshops for up-keeping standards and recruiting new instructors were well organized.

Clinical Attachment

Clinical Attachments were organized with the support from our hospital colleagues. We have five clinical attachments this year. The Board would like to take this opportunity to express our gratitude to Professor C. A. van Hasselt, Dr. John Woo, Dr. Wong Chun Por, Dr. Willie Cheuk Wai Leung, Dr. Chong Lai Yin, Dr. Joseph Wai Kit Fung, Dr. Lau Chor Chiu, Dr. David Tai Wai Wong, Dr. Lai Sik To, and Dr. Wong Tin Yau for their enormous support and structured organization. Also, the Board would like to express our most sincere thanks to the staffs of their departments for their teaching and commitment in these attachments.

Dermatology Attachment -	Union Hospital, Shatin International Medical Centre
ENT Clinical Attachment -	Division of Otorhinolaryngology, Department of Surgery, CUHK
Geriatrics Attachment -	Department of Geriatrics, Ruttonjee Hospital
Infectious Disease Attachment -	Department of Medicine & Geriatrics, Princess Margaret Hospital
A & E Attachment -	Accident & Emergency Department, Pamela Youde Nethersole Eastern Hospital, and Ruttonjee Hospital

Assessment Enhancement Course

The course was successfully conducted in her sixth year despite having great difficulty in recruiting tutors. We are aiming to improve the consultation skills for our members and to upgrade their standard on family medicine, especially for those preparing for the Conjoint Fellowship Examination in coherent with our spirit of learning and teaching in professional development.

Annual Refresher Course

This major year-end event consisted of 8 lectures and 2 workshops and was attended by over 180 members in 2004. Thanks for all those participants who returned their evaluation questionnaires. The comments and suggestions are valuable to help us planning for the coming ARC in her 25th anniversary in year 2005.

Annual Updates, Luncheon Meetings, Seminars and Workshops

Updates seminars and weekday luncheon lectures were organized regularly throughout the whole year with the support from various specialties including Cardiology, Endocrinology, ENT, Surgery, Gynaecology, Dermatology, Gastroenterology, Nephrology, Neurology, Ophthalmology, Geriatric, Psychiatry and Palliative care. Rehabilitation Update was newly organized and was well attended. A series of Traditional Chinese Medicine (TCM) Update was successfully delivered and was well accepted by some members.

Early this year, in view of Tsunami disaster, a special lecture: "From 911 to 1226" was organized to raise fund and to equip our front-line family doctors with "first-aid" brief counseling skills to care patients who may present with various symptoms related to the event. The special lecture was efficiently organized within two weeks' time and well attended by 185 members. The Board would like to take the opportunity to thank Professor David Ho and Mr. Ng Siu Man, Centre on Behavioral Health, The University of Hong Kong for their contribution in the Tsunami lecture and the two Sunday workshops on Basic Counseling Skills with live demonstrations, for family physicians

The Board videotaped some of these important updates and lectures and keeps a library of them for videocassette viewing sessions and for members' access.

Similar to previous years, abstracts submitted by speakers in luncheon lectures and seminars could be accessed at the Board of Education Bulletin in the College website. This provided an alternate route of learning for members who could not attend these meetings.

The Board would like to record a sincere vote of thanks to all our guest speakers in the various College scientific and educational events.

The Board would also like to thank all those members who returned feedback questionnaires after attending the lectures or updates. Their valuable comments would enable the Board to arrange the lectures to meet the learning needs of our members in the future. Again, members are encouraged to submit their CPD logs of these lectures and Updates to gain additional CPD points.

Ultrasound Course

The Medical Ultrasound Course is in preparation while awaiting the reply from Guangzhou Hospital to organize practical bedside sessions in the ultrasound course.

Interest Group

Interest Group is formed with the objective of encouraging Board Members to actively involve in various medical fields related to family practice, and in which they are interested in. Dementia is our first Interest Group formed in August 2005. The group members have the responsibility to update our knowledge in this aspect now and then. Research to demonstrate and promote the role of family physicians in continuous and coordinated care of the demented patients as well as their family members with integral multidisciplinary care in particularly with geriatricians and psychiatrists is stimulated. Early detection of dementia or mild cognitive impairment among our patients in the community as anticipatory care is another aspect that the interest group would look into.

Interpractice Visit

Interpractice visit is a mean of continuing medical education through practice visits by peer group. Participants may share their experience and improve their skills on clinic and practice management, thereby achieving a high standard of service. The details were published in the College Journal in May 1998.

Community Doctors' Education Programmes

These were organized with the following hospitals:

- Caritas Medical Centre
- Matilda Hospital
- Pamela Youde Nethersole Eastern Hospital
- Tuen Mun Hospital

College members were welcomed to attend these programmes and CME points were accredited.

Self-Assessment Correspondent Programme

In addition to the MCQ paper sent out monthly with the College Journal, members may subscribe for the "CHECK" Programme.

Acknowledgement

Through the dedicated work of all the Board members, we are pleased to witness substantial achievements. It remains for me to express my sincere thanks to all members of the Board of Education for their valuable contributions to organize the various scientific and educational activities. Thanks to Ms. Jessica Cheng, Ms. Kara Lo, Ms. Paula Wong and the secretarial staff for their patience and efficient work. I would also like to take the opportunity to thank all sister Colleges, Universities, Hospital Departments, Department of Health and Pharmaceutical Sponsors for supporting our various educational activities.

Trainees in the vocational training programme

The Board of Vocational Training and Standards has had a very busy year with a significant increase in the number of vocational trainees, training practices and clinical supervisors.

The number of trainees in Higher Vocational Training in Family Medicine also continued to increase. The list of our trainees in 2004/2005 is listed in Appendix A. The list of our current Honorary Clinical Supervisors in Family Medicine is listed in Appendix B.

Additional Training

Some additional trainees had started their training programme and the progress was satisfactory.

Other activities

The Board has embarked on a series of meet-the-trainees events on a cluster basis to improve communication between the Board and the trainees. The Board has gained valuable insight into problems trainees experience in training and will address these problems in a planned fashion. The importance of adhering to administrative details has also been impressed upon trainees in order to streamline the operation of the Board.

Furthermore, the Board has invited Professor Robin Fraser to conduct a series of train-the-trainers courses to standardise training methods, starting with senior trainers.

Output

Congratulations to our trainees, Dr. Chan Hon Ming, Dr. Chan Ka Wai, Dr. Chan Man Li, Dr. Mark S.H. Chan, Dr. Cheung Hard King, Dr. Cheung Ngai Fung, Dr. Julia L.A. The Specialty Board (formerly Exit Examination Subcommittee and Nomination Committee) was set up in December 2004. Its functions are to plan and conduct the Exit Examination (EE) of Vocational Training in Family Medicine of the HKCFP, to scrutinize applications for nomination to Fellowship of the Hong Kong Academy of Medicine (FHKAM) in Family Medicine, and to examine applications for assessment of FHKAM (Family Medicine) equivalent standard according to the regulations laid down by the HKAM Council and our College.

The 2004 Supplementary Exit Examination was held in July 2, 2004 to September 30, 2004. Thirteen candidates attempted the Examination and seven candidates successfully completed and passed the whole EE. Together with the four successful candidates in the 2004 Exit Examination held in January to March 2004, eleven of seventeen candidates passed with a pass rate of 64.7%.

The 2005 Exit Examination was held from January 3, 2005 to March 18, 2005. Sixteen candidates attempted the Examination and six candidates successfully completed and passed the whole EE. Professor Robin Fraser was the External Assessor of the 2005 Exit Assessment.

The Board has also organized a pre-Exit Examination training workshop, standardization workshops for examiners of each segment, three workshops on 'Assessment and Improvement on Consultation Competence using LAP' for examiners of the consultation skills assessment, and a feedback session for candidates of the Examination.

The successful Exit Examination candidates were:

Dr. Au Wah Cheong
 Dr. Alvin C.Y. Chan
 Dr. Chan King Hong
 Dr. Ching Kam Wing
 Dr. Mary B.K. Kwong
 Dr. Lai Kit Chi
 Dr. Tony C.K. Lee

Dr. Luk Kam Hung
 Dr. Ng Ching Luen
 Dr. Ng Kwok Keung
 Dr. Lorna Ng-Ventura
 Dr. Wendy W.S. Tsui
 Dr. Wong Tseng Kwong

FHKAM (Family Medicine) nominations:

Thirteen fellowship nominations were submitted by our College and all were approved by the Hong Kong Academy of Medicine in the Year from October 2004 to May 2005:

Dr. Au Wah Cheong
 Dr. Alvin C.Y. Chan
 Dr. Chan King Hong
 Dr. Ching Kam Wing
 Dr. Mary B.L. Kwong
 Dr. Lai Kit Chi
 Dr. Tony C.K. Lee

Dr. Luk Kam Hung
 Dr. Ng Ching Luen
 Dr. Ng Kwok Keung
 Dr. Lorna Ng-Ventura
 Dr. Wendy W.S. Tsui
 Dr. Wong Tseng Kwong

Finally, the Board would like to express the most sincere thanks to all Exit Examiners for their dedication and hard work in making the Exit Examination possible and successful.

This year, in view of the unpredictable economy, the College has revised some of the administration fees in order to be kept more competitive. Many of the College's activities were still adequately sponsored. Educational events organized by the Board of Education such as Annual Refresher Course, Annual Updates and Luncheon Scientific meetings were still widely supported. Our Journal, the Hong Kong Practitioner, which is one of the most popular and widely circulated medical journals locally, had attracted continuous subscriptions of advertisements. Advertisements in our Journal, the demands for mailing and circulating services by members and other institutions, were just adequate. On behalf of the College, I would like to express my gratitude to all of the following companies for their generous support:

Abbott Laboratories Ltd
 Alcon Hong Kong Limited
 Aon Hong Kong Limited
 AstraZeneca Hong Kong Limited
 Bausch & Lomb (HK) Ltd
 Boehringer Ingelheim (HK) Ltd

 Ms. Victoria Wong (From April 2005 to September 2005)

In the last 12 months the major work of the Computer Committee (CC) has been the review of the Membership Management System (MMS), which has been showing its lack of versatility and efficiency for today's use. Early in 2005 Council resolved to consider plans to re-develop the MMS. The progress was halted by the changes in staffing in the last half a year.

The computer is still handling basic function out of its core database. We aim to upgrade / re-develop a new MMS to (a) run on SQL servers, (b) synchronize with HK Academy of Medicine / HK Medical Council, (c) enhance usage of internet technology and (d) add more web-site enabled functions.

Hardware Maintenance

As the computers were out-dated at Wong Chuk Hang Office, Computer Committee purchased 8 pieces of PC together with licenses of Windows XP and Microsoft Office 2000 Standard to meet today operation standard.

COUNCIL MEMBER-ON-DUTY (CMOD) SYSTEM

Coordinator: Dr. Alvin C.Y. Chan

Executive Manager: Ms. Jessica C. K. Cheng

Senior Executive Officer: Ms. Pinky H. K. Leung

From July 2004 to June 2005, we have altogether received 5 inquiries from our members concerning matters related to our College and to Family Medicine. (Table 1) All the inquiries, comments and suggestions from our members were handled with great attention. Some of them were directed to the respective Board or Committee for any necessary follow-up actions. All those raised ideas and comments were very useful and constructive to the College, not only for further improvements but also for the future developments of our College policies.

The feedback statistics from the users of the CMOD System are now appended. (Table 2) Overall this form of communication has generally been well received. As for members' information, some frequently asked questions (FAQ's) will be published in the College Newsletter, Family Physicians Links, from time to time.

I would like to take this opportunity to thank all those members for their invaluable comments and support. I would like to thank all our Council members who have contributed in communicating with the College members and answering their inquiries in the past year. I would also like to thank Ms. Jessica Cheng, our Executive Manager, and Ms. Pinky Leung, our Senior Executive Officer, for their support and services.

Complaint from member regarding the Registration Fee of Conjoint Annual Scientific Meeting held on April 18, 2004 is too expensive. (Registration Fee is HK\$500)	1	0038/2004	Direct telephone reply		CMOD contacted the inquirer by phone and explained the fee charged was dictated by HKCCM but Council was ready to waive the registration fee for trainees and those who were keen to attend.
FP being excluded from the Specialist List of BUPA HealthNet programme?	1	0039/2004	Direct telephone reply		CMOD contacted the inquirer by phone. The latter did not expect any formal reply and understand it will take a long time to have any result if any. Apparently he mainly wants to air his unhappiness and feels he has 'given' us something worthwhile to pursue.
Compensation to patient because of the packing has marked with expired date	1	0040/2004	Direct telephone reply		CMOD advised the inquirer not to settle any agreement nor pay anything to the patient and urged the inquirer to approach the MPS immediately for legal advice before next contacting the patient.
Inquire "information on vaccinations for traveler to India"	1	0041/2005	Direct telephone reply		CMOD contacted the inquirer by phone and suggested him to browse the CDC Website : www.cdc.gov/travel/indianrg.htm for detailed travelers' health information.
Member wonders the CME points for the whole weekend course are only 4.5 points?	1	0042/2005	Direct telephone reply		CMOD contacted the inquirer by phone and explained to her that the QA & A is reviewing the allocation of CME points from the very elaborate mode inherited from the previous chairman to a more structured simple one and try to conform to the recommendation of the Medical Council which will essentially based on the length of the sessions.

EXTERNAL AFFAIRS COMMITTEE

Chairman: Dr. Donald K. T. Li

Members: Dr. Chan Hung Chiu (Ex-officio)
Dr. Daniel W. S. Chu (Ex-officio)
Dr. John T.N. Chung (Ex-officio)
Dr. Andrew K.K. Ip (Ex-officio)
Dr. Raymond C.H. Lo (Ex-officio)

Secretary: Ms. Jessica C. K. Cheng (Executive Manager)

Most of the activities of this committee was centered around promoting Family Medicine Teaching in Mainland China. HKCFP continued to work closely with Chinese Medical Doctors Association (中國醫師協會) and Ministry of Health. During Easter, Dr. Donald Li together with our President Dr. John Chung paid a visit to Dr. Wong Jie Fu of the Ministry of Health (MOH) to offer assistance to mainland in her development and training of family doctors prior to attending participating in an advanced course for trainers organized by HKCFP and MOH in Beijing. Teachers from Hong Kong included Dr. Cindy Lam, Dr. Chan Kwok Wai, Dr. Amy Chan and Dr. Daniel Chu. A trainee Dr. Lau Ling also attended and provided us with good translation service as well as being a great tour guide.

A delegate from MOH visited HKAM in August and representatives from HKCFP council spent a whole morning sharing our experience in promoting and developing a training and assessment program for FM in Hong Kong. We also entertained students and teachers who attended the second FM refresher course held in Shenzhen end of August. Last year our College provided all the teachers but after the train the trainer's course in Beijing, a few talented mainland teachers emerged who were now capable of conducting their own course. Nonetheless, the course was not complete without a visit to the academic as well as HA family medicine units in Hong Kong.

Delegates from Hong Kong led by our President Dr. John Chung attended the WONCA Asia Pacific Regional Conference in Kyoto in May. Dr. Daniel Lam Tai Pong and Dr. Daniel Chu led an interesting workshop for trainees which a few trainees from Hong Kong also attended.

Dr. Andrew Ip and Dr. Daniel Chu presented two papers in Taiwan end of July in a four party (Taipei, mainland China, Hong Kong, Macau) meeting which was well received. HKCFP will be co-organizing another 4 party meeting on a much larger scale in Beijing next year in April 2006. An organizing committee has been formed.

FINANCE COMMITTEE

Chairman: Dr. Daniel W. S. Chu

Committee Members: Dr. Chan Hung Chiu (Ex-officio)
Dr. John T. N. Chung (Ex-officio)
Dr. Andrew K. K. Ip (Ex-officio)
Dr. Raymond C. H. Lo (Ex-officio)

Senior Executive Officer: Ms. Pinky H. K. Leung

With careful monitoring by the Finance Committee, the financial situation of the College in 2004 continued to remain sound and healthy. Our accumulated financial reserve kept on growing steadily. There is now a deposit of equivalent of over HK\$17 m in our accounts. As in the past years, our investment strategy remains conservative. Staying away from high-risk investments, our funds are carefully placed, with over HK\$2 m in time deposits, HK\$4.7 m in guaranteed funds and over HK\$2.5 m in US Bonds.

I would like to express my sincere thanks to Dr. John Chung, our President, Dr. Raymond Lo, our Vice President (General Affairs), Dr. Ip Kit Kuen, our Vice President (Education & Examinations), Dr. Chan Hung Chiu, our Honorary Secretary, Dr. Mary Kwong, our Business Manager, and Ms. Pinky Leung, our Senior Executive Officer, for their continuous support and services. I would also like to thank Mr. C.F. Cheung, our Honorary Auditor, for his professional advice and services.

Staff Movement

Ms. Kris Lam, Executive Manager, has left the college after ten years of service to pursue other endeavours. Her post has been replaced by Ms. Amy Ng who was then resigned from our college. Ms. Jessica Cheng has been promoted to the post of Executive Manager. The college also offered promotion to Ms. Pinky Leung, Ms. Harrietta Lo and Ms. Kara Lo.

New staff have been recruited. Ms. Charlotte Sham, Ms. Erica So, Ms. Vanessa Ho, Ms. Paula Wong, and Ms. Crystal Yung have been appointed to the posts of Administrative Executive. Ms. Carmen Cheng, Ms. Vicky Chan, Ms. Winniea Lee, and Ms. Ivy Leung have been appointed to the posts of Administrative Assistant.

Ms. Irene Tse, Ms. Karen Yip, Ms. Pokie Chan, Ms. Bonnie Lee, Ms. Ling Chow, and Ms. Victoria Wong have resigned from our College due to personal reason.

Thanks to those who have devoted to conduct the interviews.

Grading & Salary Structure

The grading and salary structure have been discussed and reviewed. Increment has been granted to staff who performed satisfactorily.

The current membership of HKCFP is as follows: - (as in June 2005)

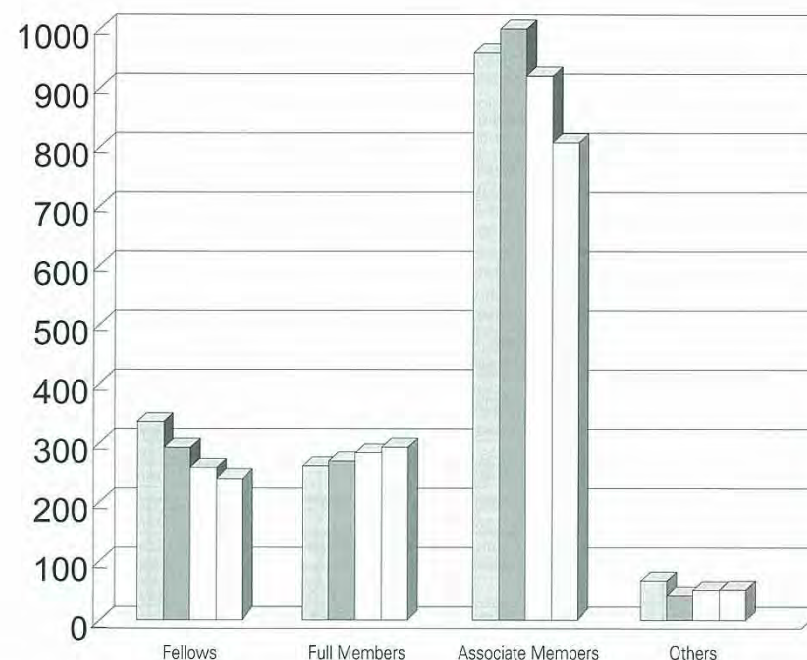

Fellows*	329(HKAM Fellows: 161)
Full Members	252
Associate Members	946
Others**	58
Total:	1585

* Fellows include Fellows, Foundation Fellows, Hon. Fellows and Non-HKSAR Fellows.

** Others include Non-HKSAR Members, Student Members and Affiliate Members.

The body of Membership is growing steadily over the years and more of our members have become fellows. With our College's team of dedicated members who are practicing quality medicine, the term "Family Medicine" is increasingly recognized by the general public as synonymous to quality primary care. Indeed, after the publication of the "Discussion Paper on the Future Service Delivery Model for our Health Care System" by the Health and Medical Development Advisory Committee which is promoting the concept of family doctors, and the increasing number of doctors applying our Diploma in Family Medicine, as well as the strong influx of young doctors to our Vocational Training Programme each year, we expect to see a constant increase in our membership.

As mentioned in the last annual report, the Committee launched a competition for the best design of educational pamphlet for promotion of Family Medicine to general public. The pamphlet aimed to promote the concept of Family Medicine and the role of a Family Doctor. The best design was won by Ms. Kirsty Lee and a cash prize of HK\$5,000 was awarded as a token of appreciation of her efforts.

The pamphlets were widely used to help promotion of Family Medicine. They had also been distributed to the news media. Members were encouraged to distribute these educational leaflets to their patients. Copies of these were available free of charge from the College. At the time of writing this report, the Committee was planning to organize more education activities for the public to explain the principles and practices of Family Medicine, especially the role of Family Doctor in the health care of the community.

In addition, the Committee has been responsible for answering enquiries from the public including those from newspapers, magazines, and television. Council members have to take turn to answer these calls. Our President has been responsible for answering and explaining issues concerning the policy of our College.

Last year, the Committee took part in a number of public education events. These were listed at the end of this report. I would like to take this opportunity to thank all those who had offered their assistance in the past year and our administrative executive, Ms Teresa Lee.

Quality Assurance and Accreditation (QA&A) Committee

Chairman: Dr. Andrew K.K. Ip

Vice-Chairman: Dr. Hung Wai Yin

Committee Members:

Dr. Barry, T. F. Ben	Dr. Lam Wing Wo
Dr. Amy K.L. Chan	Dr. Lau Wai Keung
Dr. Chan Kin Ling	Dr. Sandy M.H. Leung
Dr. Cheng Chor Ho	Dr. Siu Ping Cheong

Dr. Betty K.M. Kwan	Dr. Tsui Hing Sing
Dr. Hilary C.S. Ku	Dr. Wong Ka Wah

Secretary: Ms Charlotte H.F. Sham (Administrative Executive)

The QA&A committee has prepared a new set of regulations for the year 2005-2007. The major change is switching from a yearly QA cycle to a 3-year cycle. This 3-year cycle will synchronize with the Hong Kong Academy of Medicine CME cycle as well as the Royal Australian College of General Practitioners (RACGP) Quality Assurance and Continuing Professional Development (QA & CPD) Program. CME certificates will be issued to members every year. It will be taken as an evidence of fulfilling the Medical Council Hong Kong CME requirement. However, QA certificate is required to upgrade the membership and to apply for reciprocal recognition from the RACGP.

In 2005, over 80% of the college fellows were awarded the QA certificate. The statistics were as follows:

Percentage of College Members/Fellows awarded QA certificates

% awarded QA certificates	College Fellows	College Full Member	College Associate Member
2000	124/182 68.13%	92/327 28.13%	39/624 14.26%
2001	147/193 76.16%	93/320 29.06%	135/758 17.81%
2002	185/230 80.43%	78/283 27.56%	166/905 18.34%
2003	208/231 90.04%	64/270 23.70%	134/970 13.81%
2004	229/268 85.45%	60/252 23.81%	165/946 17.44%

The new QA and CME regulations, the list of the fellows, members who have obtained the 2004 QA certificate or CME certificate were listed below. I would like to take this opportunity to thank all the committee members for their contribution, the secretariat, particularly Ms Charlotte Sham for her unfailing support.

The Committee welcomes our new members Dr. Antonio A.T. Chuh and Dr. Martin C.S. Wong.

Three submissions were received for the Annual Research Award 2004 and the selection panel consisted of two internal assessors and one external assessor. The winning project was "The use and efficacy of statins in dyslipidaemic Chinese patients in a primary care setting" by Dr. Kenny Kung, Dr. Augustine Lam, and Dr. Philip K T Li.

Three applications for our first HKCFP Research Fellowship were received, all of them were of very high quality. The selection panel consisted of three assessors appointed by President. The winner is Dr. Amy K.L. Chan. Her research project is "A study on the knowledge and practice of evidence-based medicine (EBM) and the effect of a 6-hour training workshop versus a 2-hour seminar on the knowledge and practice of EBM among doctors in Hong Kong."

Finally, I wish to thank all who have provided assistance to the Research Committee and look forward to closer collaborations in the future.

WEB COMMITTEE

Chairman:

Dr. Steven Y. K. Ho

Members:

Dr. Alvin C. Y. Chan (Deputy Chairman)
 Dr. Simon So
 Dr. Peter K. T. Wan
 Dr. Alfred K. Y. Tang

Secretaries:

Ms. Erica M. Sc (Administrative Executive)
 Ms. Vanessa K. C. Ho (Administrative Executive) (From September 2005)
 Ms. Victoria C. Y. Wong (Administrative Executive) (From April to August 2005)

This youngest Committee of the College was born in December 2004 as commissioned by our President, Dr. John T.N. Chung. The mission of the Web Committee is to promote and facilitate its usage by College members and the Public via its web-based applications to achieve the visions and objectives of the College. This embraces monitoring the operations of the College home page; working with Boards, Committees and interested parties to upload various kinds of information to be posted on the home page, to enhance their functionality and to facilitate information distribution amongst trainees and trainers; liaison with the home page vendor in the development, maintenance and updating of the web page; A server to store the large volume of data was installed.

One of our biggest tasks in the year is to facelift the new College home page to a new one with aesthetic design, which will be available by the end of 2005. Login will be more convenient, allowing users to choose their own passwords and e-mail address. There will be on-line registration of lectures. Inside the login page there will be a bank of past presentations for the interested members' professional usage. Important messages will be displayed in the front-page. Looking ahead, the Web committee plans to develop a disease-based website in Chinese as well as on-line payment. The Chairman would like to thank the President, the Executive members, the College secretaries and all the Committee members for their support over the year.

WONCA 2009 HOST ORGANISING COMMITTEE

Chairman :	Dr. Andrew K.K. Ip	
Members :	Dr. Chan Hung Chiu	(Vice- Chairman)
	Dr. Edmund W.W. Lam	(Business Manager)
	Dr. Lau Ho Lim	(Secretary)
	Dr. Luk Wan	(Treasurer)
	Dr. Simon So	(Coordinator of the Social Function)
	Dr. Eileen Y.Y. Tse	(Chairman, Scientific Committee)
	Dr. Wong Chi Kwong	(Coordinator of the Publications)
	Dr. Chan Suk Yin	(Member)
	Dr. Donald K.T. Li	(Member)
	Dr. Daniel W.S. Chu	(Ex-officio)
	Dr. John T.N. Chung	(Ex-officio)
	Dr. Raymond C.H. Lo	(Ex-officio)

Executive Manager : Ms. Jessica C.K. Cheng

The College will host the 2009 WONCA Asia-Pacific Conference. The conference will be held at the Hong Kong Convention and Exhibition Centre from 5-9 June 2009. WONCA is the world organization of family doctors. WONCA Asia-Pacific Conference will be held every year with exception of the year when the World conference is convened. This year, the WONCA Asia-Pacific Conference was held in Kyoto. Next year the conference will be held in Bangkok. In 2007 the World conference will be held in Singapore.

The theme of the 2009 WONCA Asia-Pacific Conference is 'Building Bridges'. It is meant to focus at one of the important roles of family doctor who is the coordinator of care. We shall build bridges to link up the patient, the family, the paramedical and the community. Through effective communications, we could offer our patients the best of the care that they deserve.

There are four years from 2009; the committee is at the preliminary stage of preparation. We had invited several enthusiastic members to join the committee. Office bearers of various posts within the committee were finalized. The details were shown in the above membership table.

Apart from promoting our conference to the WONCA members, the main task in 2005 is to appoint a conference organizer to assist our organizing works. The committee will invite submissions and proposals from different conference organizers. A selection committee will choose the most appropriate and experience one to help the college in preparing for this event.

For members who have not the chance to attend the WONCA conference before, I appeal to you to take an active part. All these conferences are of high quality. They will widen our scope in the discipline and give us insight in the future development of our career. Our college offers supports to our members to attend overseas conferences. Interested members shall watch out for the announcements in our newsletter, Family Physicians Link.

HONORARY TREASURER

Honorary Treasurer : **Dr. Daniel W.S. Chu**

Senior Executive Officer : Ms. Pinky H. K. Leung

The financial situation of our College remains stable for the year 2004-2005. We now have over 17 m in reserve.

I would like to thank the ex-officio members and the past Honorary Treasurer for their excellent advice on investments of our reserve.

In 2004, our College kept over 3.7 m guaranteed fund in the accounts of HSBC; US\$350,000 Bonds deposit, over HK\$1 m fixed deposit and HK\$1 m guaranteed fund in the accounts of Bank of East Asia; and over HK\$1 m time deposit in the accounts of Wing Hang Bank Ltd.

Our income in 2004 (HK\$8.3 m) showed an increase of 9.6% compared to the previous year. Our income from the Board of DFM (HK\$1.6 m) was over 75% greater, from the Membership Committee (HK\$1.4 m) was over 6.3% greater, from the Board of Vocational Training and Standards (HK\$1 m) was over 10.9% greater, from the Specialty Board (HK\$0.29 m) was 20.5% greater, and from the Finance Committee (HK\$0.4m) was over 96.7% greater, than in 2003. On the other hand, income from the Board of Conjoint Examination (HK\$1.7 m) was over 8.5% lesser, from the Board of Education (HK\$0.9 m) was slight over 2.6% lesser, and from the Editorial Board (HK\$0.5 m) was over 21% lesser, than in 2003.

Our total expenditure in 2004, (HK\$6.8 m), on the other hand, was over 0.8% higher than in 2003. Our total sponsorships last year, including WONCA World Conference in Orlando (HK\$68,018), donation to Red Cross South Asia Relief (HK\$49,100), Family Medicine Prizes to HKU (HK\$20,000) and CUHK (HK\$5,000), WONCA APRC (HK) Logo Design Competition (HK\$3,000) and Prize of FM Pamphlet (HK\$5,000), amount to almost HK\$0.15 m, over 27.4% greater than in 2003. The three extra expenditure items last year, namely, China Training Project (HK\$6,015), Train-the-trainer course - Part I (HK\$0.19 m), and WONCA HOC 2009 (HK\$5,000), amount to HK\$0.2 m, equivalent to 3% of our total expenditure. The expenditure to maintain our College secretariat (HK\$2.3 m), to pay for our various College functions (HK\$0.16 m), and management fees (HK\$0.17 m), remain substantial (HK\$2.6 m), only 0.15% lesser than in 2003.

Our total operating surplus in 2004 was HK\$1.49 m, with an increase of HK\$0.06 m (over 4.2%) as compared to 2003.

I would like to thank Ms. Pinky Leung, our Senior Executive Officer, for her hard work in taking care of our accounts.

On behalf of the Council

Chairman
HONG KONG, 31 October 2005

REPORT OF THE AUDITOR TO THE MEMBERS OF THE HONG KONG COLLEGE OF FAMILY PHYSICIANS (Limited by guarantee)

I have audited the financial statements set out on pages 61 to 65 which have been prepared in accordance with accounting principles generally accepted in Hong Kong.

Respective responsibilities of the Council and Auditor

The Companies Ordinance requires the Council to prepare financial statements which give a true and fair view. In preparing financial statements which give a true and fair view it is fundamental that appropriate accounting policies are selected and applied consistently.

It is my responsibility to form an independent opinion, based on my audit, on those statements and to report my opinion to you.

Basis of opinion

I conducted my audit in accordance with Statements of Auditing Standards issued by the Hong Kong Institute of Certified Public Accountants. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Council in the preparation of the financial statements, and of whether the accounting policies are appropriate to the College's circumstances, consistently applied and adequately disclosed.

I planned and performed my audit so as to obtain all the information and explanations which I considered necessary in order to provide me with sufficient evidence to give reasonable assurance as to whether the financial statements are free from material misstatement. In forming my opinion I also evaluated the overall adequacy of the presentation of information in the financial statements. I believe that my audit provides a reasonable basis for my opinion.

Opinion

In my opinion, the financial statements give a true and fair view, in all material respects, of the state of affairs of the College at 31 March 2005 and of its results for the year then ended and have been properly prepared in accordance with the Hong Kong Companies Ordinance.

THE HONG KONG COLLEGE OF FAMILY PHYSICIANS
(Limited by guarantee)

NOTES TO THE FINANCIAL STATEMENTS

1 LEGAL STATUS

The College is a company limited by guarantee and not having a share capital. The liability of each of its members, in the event of its being wound up while he is a member, or within one year after he ceased to be a member for payment of the debts and liabilities of the College contracted before he ceases to be a member, and costs, charges and expenses of winding up, and for the adjustment of the rights of the contributories among themselves, is limited to an amount not exceeding HK\$10.

2 SIGNIFICANT ACCOUNTING POLICIES

(a) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation.

The cost of an asset comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditure incurred after the assets have been put into operation, such as repairs and maintenance costs, is normally charged to the income statement in the period in which it is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of the asset, the expenditure is capitalised as an additional cost of the asset.

The gain or loss on disposal or retirement of an asset recognised in the income statement is the difference between the sales proceeds and the carrying amount of the relevant asset.

Depreciation is calculated on the straight line method at the following rates to write off the costs of the assets over their estimated useful lives.

Furniture, fixtures and equipment 15% p.a.

(b) Related company

A related company is a company in which one or more of the directors of the company have a beneficial interest or is in a position to exercise significant influence over the company.

(c) Revenue recognition

Entrance fees from members are recognised in the financial year of receipt.

Annual subscription fee is recognised on a time proportion basis.

Interest income is recognised on the time proportion basis taking into account the principal outstanding and the effective rate of interest applicable.

(d) Foreign currencies

Transaction in foreign currencies are translated at exchange rates ruling at the transaction dates. Monetary assets and liabilities in foreign currencies at the year end are translated at rates of exchange ruling at the balance sheet date. All exchange differences are dealt with in the income statement.

(e) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income and expense that are taxable or deductible in other years, and it further excludes income statement items that are never taxable and deductible.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill (or negative goodwill) or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised. Deferred tax is charged or credited in the income statement, except when it relates to item charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

3 TAXATION

Provision for Hong Kong profits tax has been made in the financial statements at 17.5% (2004:17.5%) of the estimated assessable profits for the year.

	HK\$	2004 HK\$
The taxation charge is made up as follows:		
Provision for the year	23,007	60,543
Deferred tax		
Current year	90,446	43,851
Attributable to a change in tax rate	-	29,013
	<u>90,446</u>	<u>72,864</u>
	113,453	133,407
	=====	=====

The taxation on the company's surplus before taxation differs from the theoretical amount that would arise using the taxation rate in Hong Kong for the company as follows:

Surplus before taxation	27,436	16,363
	=====	=====
Calculated at a taxation rate of 17.5%	4,801	2,863
Tax effect of non-deductible expenses	108,701	101,756
Tax effect of non-chargeable income	(49)	(225)
Effect on opening deferred tax balance resulting from an increase in tax rate during the year	-	29,013

HKCFP EDUCATION LIMITED
(Limited by guarantee)

NOTES TO THE FINANCIAL STATEMENTS

1. LEGAL STATUS

The company is limited by guarantee and without a share capital. The liability of each of its membership in the event of its being wound up while he is a member, or within one year after he ceased to be a member for the payment of the debts and liabilities of the company contracted before he ceases to be a member and of the costs, charges and expenses of winding up the company, and for the adjustment of the rights of the contributories among themselves, is limited to an amount not exceeding HK\$10.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Subsidiaries

A subsidiary is a company in which the company, directly or indirectly, controls more than half of the voting power or issued share capital or controls the composition of the board of directors. The company's interest in subsidiaries are stated at cost less provision for permanent diminution in value. Results of the subsidiaries are accounted for by the company on the basis of dividends received and receivable.

(b) Related companies

A related company is a company in which one or more of the directors has a beneficial interest or is in a position to exercise significant influence over the company.

(c) Revenue recognition

Revenue arising from activities is recognised when the activities are completed.

Management fee received is recognised when management services are rendered.

Interest income is recognised on the time proportion basis taking into account the principal outstanding and the effective rate of interest applicable.

(d) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income and expense that are taxable or deductible in other years, and it further excludes income statement items that are never taxable and deductible.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill (or negative goodwill) or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, except where the company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of any deferred tax asset is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised. Deferred tax is charged or credited in the income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

3. TAXATION

No provision for Hong Kong profits tax has been made in the financial statements in view of the excess of the allowable loss brought forward over the estimated assessable profits for the year (2004:Nil).

The company had no significant unprovided deferred taxation at 31 March 2005 and 2004 and for the years then ended.

At the balance sheet date, the company has unused tax losses of HK\$99,295 (2004:HK\$307,491) available for offset against future profits. No deferred tax assets has been recognised due to the unpredictability of future profit streams. The losses may be carried forward indefinitely.

4. DIRECTORS' REMUNERATION

None of the directors received any remuneration for their services rendered to the company during the year. (2004:Nil)

On behalf of the Board

Chairman

HONG KONG, 31 October 2005

**REPORT OF THE AUDITOR TO THE MEMBERS OF
HKCFP FOUNDATION FUND
(Limited by guarantee)**

I have audited the financial statements set out on pages 75 to 77 which have been prepared in accordance with accounting principles generally accepted in Hong Kong.

Respective responsibilities of the Executive Board and Auditor

The Companies Ordinance requires the Executive Board to prepare financial statements which give a true and fair view. In preparing financial statements which give a true and fair view it is fundamental that appropriate accounting policies are selected and applied consistently.

It is my responsibility to form an independent opinion, based on my audit, on those statements and to report my opinion to you.

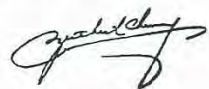

Basis of opinion

I conducted my audit in accordance with Statements of Auditing Standards issued by the Hong Kong Institute of Certified Public Accountants. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Executive Board in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Foundation's circumstances, consistently applied and adequately disclosed.

I planned and performed my audit so as to obtain all the information and explanations which I considered necessary in order to provide me with sufficient evidence to give reasonable assurance as to whether the financial statements are free from material misstatement. In forming my opinion I also evaluated the overall adequacy of the presentation of information in the financial statements. I believe that my audit provides a reasonable basis for my opinion.

Opinion

In my opinion, the financial statements give a true and fair view, in all material respects, of the state of affairs of the Foundation at 31 March 2005 and of its results for the year then ended and have been properly prepared in accordance with the Hong Kong Companies Ordinance.

NOTES TO THE FINANCIAL STATEMENTS

1. LEGAL STATUS

The Foundation is a company limited by guarantee and not having a share capital. The liability of each of its members, in the event of its being wound up while he is a member or within one year after he ceased to be a member for payment of the debts and liabilities of the Foundation contracted before he ceases to be a member, and costs, charges and expenses of winding up and or the adjustment of the rights of the contributories among themselves, is limited to an amount not exceeding HK\$50.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Investments in securities

Held-to-maturity securities

Investments in dated debt securities which are intended to be held to maturity are stated in the balance sheet at cost adjusted for the amortisation of premiums or discounts arising on acquisition, less any provisions for diminution in value.

The carrying amounts of held-to-maturity securities are reviewed as at the balance sheet date in order to assess the credit risk and whether the carrying amounts are expected to be recovered. Provisions are made when carrying amounts are not expected to be recovered and are recognised as an expense in the income statement.

Other investments in securities

Other investments in securities are stated in the balance sheet at amount less any provision for permanent diminution in value.

(b) Related company

A related company is a company in which one or more of the directors of the company have a beneficial interest or is in a position to exercise significant influence over the company.

(c) Revenue recognition

Donation received is recognised on receipt basis.

Interest income is recognised on the time proportion basis taking into account the principal outstanding and the effective rate of interest applicable.

(d) Foreign currencies

Transactions in foreign currencies are translated at exchange rates ruling at the transaction dates. Monetary assets and liabilities in foreign currencies at the year end are translated at rates of exchange ruling at the balance sheet date. All exchange differences are dealt with in the income statement.

3. TAXATION

No provision for Hong Kong profits tax has been made in the financial statements as the Foundation is exempt from tax under Section 88 of the Inland Revenue Ordinance.

HKCFP HOLDINGS AND DEVELOPMENT LIMITED
NOTES TO THE FINANCIAL STATEMENTS

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation.

The cost of an asset comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditure incurred after the assets have been put into operation, such as repairs and maintenance costs, is normally charged to the income statement in the period in which it is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of the asset, the expenditure is capitalised as an additional cost of the asset.

The gain or loss on disposal or retirement of an asset recognised in the income statement is the difference between the sales proceeds and the carrying amount of the relevant asset.

Depreciation is calculated on the straight line basis at the following rates to write off the costs of the assets over their estimated useful lives:

Furniture, fixture and equipment	15% p.a.
Leasehold improvement	15% p.a.

(b) Turnover

Turnover represents course fees received.

(c) Revenue recognition

Revenue arising from professional courses is recognised when received.

Interest income is recognised on the time proportion basis taking into account the principal outstanding and the effective rate of interest applicable.

(d) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income and expense that are taxable or deductible in other years, and it further excludes income statement items that are never taxable and deductible.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill (or negative goodwill) or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised. Deferred tax is charged or credited in the income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

2. TAXATION

No provision for Hong Kong profits tax has been made in the financial statements in view of the excess of allowable loss brought forward over the estimated assessable profits for the year. (2004: Nil)

The taxation charges is made up as follows:

Deferred tax		
	HK\$	2004 HK\$
Current year	2,469	25,048
	=====	=====
The taxation on the company's surplus before taxation differs from the theoretical amount that would arise using the taxation rate in Hong Kong for the company as follows:		
Surplus before taxation	22,517	6,106
	=====	=====
