

Dr. Siu Che Hung, Paul 1947 – 2018

It came as the saddest news to know that our longtime friend Dr. Siu Che Hung, Paul passed away on 31 July 2018 after a brave battle against a cancerous disease.

Paul graduated at The University of Hong Kong and had special interest in Obstetrics and Gynaecology in the initial years after working at Alice Ho Miu Ling Nethersole Hospital, United Christian Hospital and Our Lady of Maryknoll Hospital. He soon developed keen interest in Family Medicine and attained the Fellowship of our College. He had been working as Council member, examiner and member/convener of various committees of the College for years.

Paul had actively committed to community works, too, medically or non-medically related. He had served in prominent positions in many community committees, including St. John's Ambulance Brigade, Hong Kong Road Safety Association, Wanchai District Junior Police Call etc, just to mention a few. He was a District Councillor of Wanchai District 2004 – 2011.

Paul had diversified hobbies, ranging from yachting, golf, and fast cars in the early years, to reading and gourmet food hunting in the retiring years.

The deadly disease came hideously one year ago, and he faced the treatment calmly and bravely.

Paul is survived by his wife Judith, and daughter Yvonne.

By Dr. Wai Heung Wah, Hayles

*A church service will be held **at 2:30pm on 25 August 2018 (Saturday), in St. Mary's Church** at 2A Tai Hang Road (just opposite St Paul's Hospital), to be followed by cremation in Cape Collinson.*
