PRESIDENT'S MESSAGE (DR DAVID V K CHAO)

(July 2024 to June 2025)

I would like to take this opportunity to thank the Board of Censors, the Council, and all the chairpersons and members of the Boards and Committees and the college secretariat of the Hong Kong College of Family Physicians (HKCFP) for their hard work and dedications over the last twelve months; without their great contributions, the college would not be able to deliver the many important functions and services to our Fellows, members and the general public.

Over the year, we have continued to provide ample of opportunities for Family Medicine professional training, continuing medical education, and continuing professional development for our college Fellows, members, family doctors in training as well as colleagues in community practice. It has been another fruitful year for the College and all concerned.

Under the umbrella of the Hong Kong College of Academy of Medicine (HKAM), the HKCFP has continued to collaborate with our sister specialty colleges to support the Family Medicine vocational training, we are very much indebted to the leadership of the Hong Kong Academy of Medicine and that of all the sister colleges for their ongoing strong support towards our college's training programmes.

Our continued collaboration with the Royal Australian College of General Practitioners (RACGP) on vocational training and Conjoint Fellowship examination is approaching four decades. We are indeed very grateful for the collegiality and ongoing strong support provided by the RACGP and we look forward to further enhance our collaboration in the years to come.

Further to the publication of the Primary Healthcare Blueprint by the government and the establishment of the Primary Healthcare Commission under the Health Bureau, the HKCFP has continued to collaborate with the Bureau and the Commission to provide

support in the execution of various aspects relevant to the new primary health care initiatives in the community.

HONORARY SECRETARY'S MESSAGE (Dr CECILIA YM FAN)

(from July 2024 to June 2025)

Hong Kong College of Family Physicians keeps pace with time while honouring its legacy. Over the years, we hosted our annual flagship events with great success, while introducing new initiatives and fresh ideas that reflect our commitment to innovation and continuous improvement.

The 2024 Hong Kong Primary Care Conference was successfully held from July 5–7, attracting an enthusiastic turnout from both local and international participants, including delegates from Australia, China, Macau, Malaysia, Norway, the Philippines, Singapore, Taiwan, and the UK. To celebrate the global presence, the Hong Kong Tourism Board hosted a cultural booth featuring traditional handicrafts for delegates to take home. This year's theme, "Family Medicine in the Community: Strengthening Connections," reflected the dynamic role of family doctors in leading change, building partnerships, and taking on to new models of care. The Primary Healthcare Blueprint released in December 2022, has demonstrated the HKSAR Government's commitment to enhance development in primary healthcare through initiatives like the Chronic Disease Co-Care Pilot Scheme (CDCC).

The Hong Kong College of Family Physicians' 37th Fellowship Conferment and Diploma Presentation Ceremony, and the 34th Dr. Sun Yat Sen Oration were held on 7th July 2024 at the Hong Kong Academy of Medicine Building. This year, there were 30, 4 and 27 doctors conferred as HKCFP Fellows, RACGP Fellows and RACGP International Conjoint Fellows respectively; with 15 doctors awarded the Exit Examination Certificate. Congratulations and warm welcome to all of them again for joining our family as fellows and specialists in Family Medicine. Moreover, we have 33 doctors awarded the Diploma in Family Medicine. We also took this opportunity to present the Dr. Sun Yat Sen Oration gold medallion to Dr. Mark Miller, the 31st Dr. Sun Yat Sen Orator, who had delivered the oration for us remotely in 2021 when international travelling was difficult because of travel restrictions during the COVID pandemic. The ceremony was concluded by Dr. Christopher Hughes, Censor of the Tasmania Faculty of The Royal Australian College of General Practitioners, who delivered the inspiring 34th Dr. Sun Yat Sen Oration titled "Universal Health Insurance: Born with the best of intentions but now facing a mid-life crisis".

With 2027 marking the 50th anniversary of the College, an opportunity to celebrate this milestone by hosting the APR Conference, a strong delegation presented the bid at the WONCA APR Council Meeting 2024 in Singapore, and Hong Kong was officially awarded hosting rights. We believe the 2027 conference will bring together family medicine professionals across the region to foster collaboration and drive innovation in primary care.

The Board of Vocational Training and Standards (BVTs) and the Young Doctors Committee (YDC) jointly hosted the inaugural Family Medicine Boot Camp, designed to connect newly enrolled basic trainees with the College, experienced Fellows, and senior trainees. Through interactive sessions and peer sharing, participants were introduced to the FM Vocational Training Programme and gained valuable insights into their training journey. Led by YDC, this innovative initiative marks a meaningful step in bridging generations of family doctors. The boot camp offered new trainees a warm, human-centered orientation, helping them break the ice and confidently begin their path in family medicine. It also provided a valuable platform for BVTs to better understand the challenges and concerns faced by trainees, fostering a more responsive and supportive training environment.

Online learning is increasingly popular in medical education, offering flexibility and accessibility. To support busy family physicians, HKCFP is partnering with HKAM to launch a new eLearning platform in

2025. Members will have 24/7 access to video lectures and can earn CME/CPD points anytime, anywhere. To encourage participation, the College will cover the initial setup and annual fees for individual members. All members are encouraged to take advantage of this convenient learning resource.

I would take the opportunity to thank all the contributions from our dedicated fellows, boards and committee members, particularly my sincere gratitude to the Secretariat and Ms Erica So, our General Manager, for their hard work to make all these events run smoothly throughout the difficult time of the pandemic in the past year.

The Examination

The format of the 38th Conjoint Examination 2024 was similar as in previous years, consisting of both Written and Clinical Examinations.

However, starting from this year of 2024, the Board of Conjoint Exam, in collaboration with the RACGP, is introducing a new Clinical Competency Exam (CCE) to replace the long-standing Objective Structured Clinical Exam (OSCE). This new assessment will serve as a comprehensive evaluation of candidates' clinical proficiency, assessing their readiness to deliver high-quality patient care across a range of scenarios. This CCE represents a significant milestone in upholding the high standards of professional competence in family medicine, playing

a vital role in safeguarding public health, and ensuring that qualified fellows possess the multifaceted skill and knowledge required to excel in this dynamic and essential field.

Preparatory works for both segments commenced significantly earlier than in previous years, adhering to a strict timeline in collaboration with RACGP. Thanks to the tremendous contributions of our Board members, our case writers and all our examiners.

Training Workshops for Examiners

- Case-writing Seminar for KFP 12 December 2023 (Thursday)
- Case-writing Meeting for AKT 19 December 2023 (Thursday)
- Case-writing Group Meetings for CCE February, Apr - June 2024
- Examiner Training Workshop for CCE (Clinical Encounter) 14 July & 4 August 2024 (Sunday)
- Examiner Training Workshop for CCE (Case Discussion) 21 July & 11 August 2024 (Sunday)
- Workshops on 1st Standard Setting for KFP examination paper 18 - 19 August 2024 (Sunday - Monday)
- KFP Marking Sessions 23 - 25 August 2024 (Friday - Sunday)
- Workshops on 1st and 2nd Standard Setting for AKT examination paper 25 August 2024 (Sunday)
- Workshops on 2nd Standard Setting for KFP examination paper 29 & 31 August 2024 (Thursday & Saturday)
- On-site Examiners' Rehearsal for CCE 6 October 2024 (Sunday)

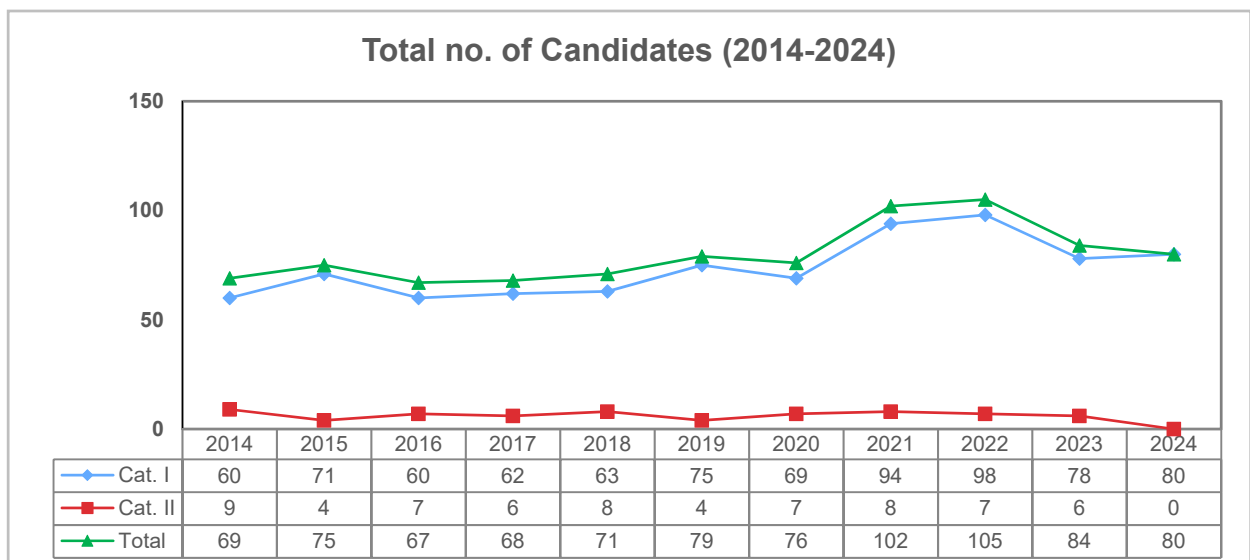

Information Seminar for Candidates

An information seminar for candidates sitting the clinical segment was organized on 23 June 2024. All the 38 candidates, 9 examiners and 3 observers attended. The Board hoped that by providing first-hand information on the various aspects of the examination (including the logistics, expectations, marking system, standard setting methods, and so on) and by having direct dialogue with candidates, we can help the candidates to better prepare for the examination and to minimize their anxiety and misunderstandings of the examination. We also provided updated information on the newly introduced Clinical Competency Exam (CCE).

Number of candidates

There was altogether a total of 80 candidates sitting for this year's examination. All of them were Category I candidate. 44 candidates sat for the Written Segments, while 38 candidates sat for the Clinical Examination (all Cat. I candidates).

The total numbers of candidates for the years from 2014 to 2024:

External Examiners from RACGP

Dr Tess van Duuren (RACGP Censor-in-Chief) and Dr Rebecca Lock (RACGP National CCE Assessment Advisor) were the visiting External Examiners from RACGP this year for the CCE Examination on 27 October 2024.

Local Examiners

There were altogether 7 local QA examiners, 2 Coordinators, 98 examiners, and 9 Trainee Examiners involved in the entire CCE 2024 exam.

Security

Strong emphasis was put on the security measures as in previous years. All preparatory procedures were carried out according to our security protocols.

Furthermore, the use of secured electronic sharing platform in the internet in recent years had enhanced the security and efficiency of the transmission of confidential exam materials.

Quality Assurance

Quality assurance of our examination was maintained by the large number of experienced local examiners in our panel. Pairing up experienced examiners with less experienced examiners also helped to improve its validity. Our local QA Examiners and External Examiners continued to assess and monitor the standards of our local examiners as well as the role players.

Comments on individual examiner by various QA Examiners were grouped and sent to each examiner for reference.

Examination Prize: "Dr Peter C Y Lee Best Candidate Award 2024"

It was the twentieth year that the College offered this prize. From the year 2013, this award was renamed "**Dr Peter C Y Lee Best Candidate Award**" for commemorating Dr Peter Lee's contribution to the discipline of family medicine. The "Dr Peter C Y Lee Best Candidate Award 2024" was presented to Dr HO Ka Yan, who had passed the Conjoint Examination at one setting and achieved the best performance in the examination.

Acknowledgement

The Board of Conjoint Examination would like to thank our Chief Examiner, segment Coordinators and segment Deputy Coordinators for contributing so much of their time and effort throughout the entire examination, all the Board members for their active participation, the External Examiners from RACGP for their continual advice and support, all our QA Examiners, Case-writing and Marking Examiners, Trainee Examiners, and Role Players for their time and contributions before and during the examination, and all our College secretarial staff and helpers for their excellent administrative and supportive works.

CHAIRMAN'S MESSAGE

During the year 2024-2025, the Board of Education continued to organize an array of various educational activities for our members and doctors in Hong Kong.

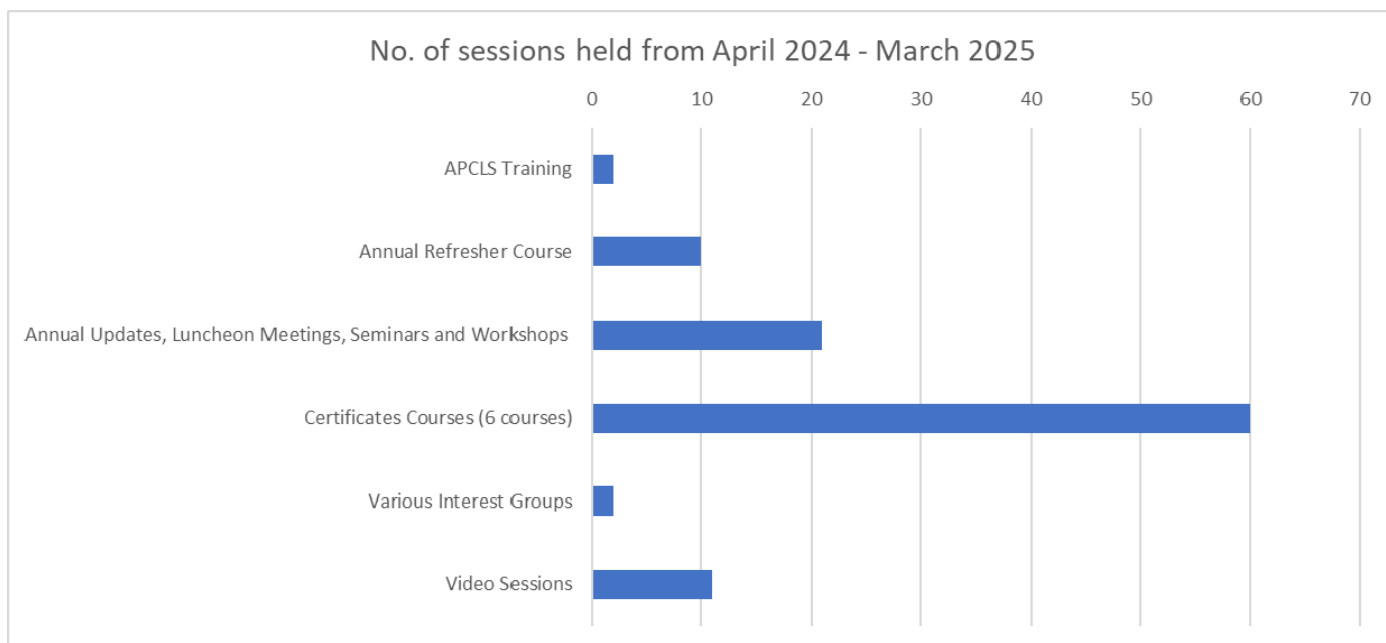

A total of 106 sessions of CME activities contributing to 190 learning hours have been organized for our members in this year, not counting individual small groups discussion.

To make learning easier for members, the board has put forward a "Web Based Library WBL", for members to access educational activities "anytime anywhere".

In response to members' feedback on having difficulty in obtaining CPD, the board has worked closely with QA&A committee and created the "3-2-1 prompt", a new channel for members to earn CPD points after attending learning activities.

With the primary blue print initiatives making history in Hong Kong, I am glad to report to you that our College has been invited by PHCC to provide services for "devising and implementation of CME programmed for Family Doctors". Indeed our committee are working really hard on the project as we speak, you will be hearing more on this on the days to come.

Last but not least, a gentle reminder on the Annual Refresher Course for started 8th November. Please find attached an outline on Educational activities for your perusal. May I wish you a fruitful learning journey ahead, and I look forward to your ongoing support in the year to come.

Cardiopulmonary Resuscitation (CPR) Training: Advanced Primary Care Life Support Training

The Advanced Primary Care Life Support (APCLS) organized by the CPR Work Group was launched in 2017 in order to align with our Sister College (RACGP) requirement of Advanced Life Support components, namely the airway management, neck support and automated external defibrillation (AED) on top of basic life support.

2 sessions of APCLS training workshops were held successfully and the arrangement was well-received by the participants and instructors.

This year, we had 70 members who passed the APCLS Examination and were awarded the Certificate of Competency in Advanced Primary Care Life Support, which is also endorsed by the Resuscitation Council of Hong Kong.

The Board would like to express our deepest appreciation to our external examiner from RCHK, namely Dr. LAM Kin Kwan and Dr. LEUNG Chin San in the instructor and examination workshops. Furthermore, sincere thanks must be given to Dr David S L CHAN, Dr AU-YEUNG Shiu Hing, Dr KONG Che Wan, Dr Mar B L KWONG and Dr WONG Pak Hoi in coordinating the training manuals, various workshops; and all instructors and trainee instructors as listed below for their time and effort in helping out the CPR training and examination for our members.

Instructors: Dr AU YEUNG Shiu Hing, Dr Patrick H W CHAN, Dr David S L CHAN, Dr CHEUNG Ying Man, Dr Clarence C M CHOI, Dr John T N CHUNG, Dr HUI Lai Chi, Dr HUNG Wai Yin, Dr KO Siu Hin, Dr KONG Che Wan, Dr Michael C H KWOK, KWONG Hon Kei, Dr Mary B L KWONG, Dr Millicent L K LEUNG, Dr Selina S W LEUNG, Dr Danny P K MA, Dr TAM Wah Kit, Dr Keith K K TSE, Dr Amy O Y WONG and Dr WONG Pak Hoi.

Assessment Enhancement Course

The Assessment Enhancement Course was suspended for the time being due to change of exam format from OSCE exam to the Clinical Competency Exam (CCE). We will try to resume the course as soon as possible.

Annual Refresher Course

Annual Refresher Course has been the traditional major year-end event for 44 years. ARC 2024 was held online, also hybrid mode (i.e. face-to-face & online) would be available to some of the sessions.. We had 6 weekday lectures and 4 Sunday workshops and over 160 members attended the course. We would like to thank all those participants who returned their evaluation questionnaires. Their comments and suggestions are invaluable in helping us to plan for the next ARC.

Professional Development Work Group

Since 2005, 10 Interest Groups have been formed under Professional Development Work Group Clinical Family Medicine, Chronic Disease and Geriatrics, Counseling, Dermatology, Evidence-based Medicine, Medico-legal Alert, Mental Health and Psychiatry in Primary Care, Medical Humanities, Neuro-Musculoskeletal and Point-of-care Ultrasound (POCUS) Interest Groups

Our Interest Groups provide a platform for all members of our College in public and private sectors to meet and exchange their experience. Members are encouraged to participate and present their cases or problems for discussions or role-play for sharing. Sharing experience is an important mode of gaining knowledge. Both the experienced and less experienced doctors can benefit from their participation.

Sharing problem cases with specialists or experts will provide peer support, skill-mix, knowledge transfer and bridging the professional gap. This will help to solve our clinical problems and queries, upgrade our standard, raise our morale, and increase our job satisfaction. This will also promote early awareness, clinical governance and risk management in respect to different medical fields, to assure a better management and a high-quality health care for the public.

The Dermatology Seminar (Organized by Interest Group in Dermatology) aims to form a regular platform for interactive sharing and discussion of interesting dermatological cases commonly seen in our daily practice We had 1 meeting in 2024

CHAIRLADY'S MESSAGE

This year has passed smoothly in the running of the Board's regular activities. All Board members and subcommittee members had helped on various BVTS's activities such as responding trainees' enquiries, checking new applications for enrollment, checking logbooks for completion of trainees' training, organizing the workshop for both newly enrolled basic and higher trainees, travelling to various training centers for accreditation, reviewing the Structural Education Programmes for pre-approval as well as monitoring the quality of related programmes, and holding the quarterly board meeting etc. All these activities are ongoing all through the year and important to the standard of vocational training.

The usual statistics up to 31st March 2025 are as follows:

New enrolled Basic trainees	: 76
New enrolled Higher trainees	: 21
Total Basic trainees	: 181
Total Higher trainees	: 48

The Board implemented a number of measures to ensure quality and safety of training. Clinical supervisors are reappointed annually to ensure commitment in training, which also include a disclaimer on no offences that will affect his/her medical registration. Clear policy and guideline on Critical Incident reporting are implemented and annual briefing to trainees, supervisors and other key stakeholders with related forms would be done.

Higher Training revamp started from March 2024 onwards to reinforce competency-based approach to higher training and embrace continuous

professional development. There are ongoing refinement after collecting feedback from involved trainees and supervisors. Overall implementation is smooth. Overall evaluation will be done after 2 full years of implementation.

Lastly, I would like to take this opportunity to thank all our Board members, honorary clinical supervisors, training coordinators, training unit head for their contributions in the training programme. I would also like to express my sincere gratitude to our administrative executives Ms. Kathy Lai and Ms. Hannah Lok who are highly committed in their duties to serve the trainees and the Board's running. Their efforts and patience are very much appreciated.

Output

Congratulations to our trainees for passing the **38th HKCFP/RACGP** Conjoint Examination in 2024 and for being elected Fellows of the Hong Kong College of Family Physicians and the Royal Australian College of General Practitioners.

Chairman's Message

The Editorial Board would like to express our heartfelt gratitude towards all contributing authors, Editorial Board members, business manager, reviewers, advisers, ex-officios, and our secretariat staff for their expert support and tremendous dedication over the previous year. Our deepest appreciation also goes to the journal's readership for their ongoing encouragement and support. We would strive to further enhancing the quality of articles in the journal to serve the needs of our readership in the coming year.

As the official journal of the Hong Kong College of Family Physicians, The Hong Kong Practitioner continued to provide updated information on Family Medicine related topics to our College Fellows, members, and colleagues both locally and overseas. Over the course of the year, we have published original research articles, update articles, case reports, plenaries of Hong Kong Primary Care Conference 2024, editorials, clinical quizzes and internet updates), as well as Dr Sun Yat Sen Oration. With the help of the Editorial Board members and the expanded Panel of Reviewers, the Board's peer review capacity has been further strengthened. Thank you all once again.

Another task of the Board is to scrutinize applications for nomination to Fellowship of the Hong Kong Academy of Medicine in Family Medicine. It also assesses application for Certificate of Specialist Registration with comparable training according to guidelines laid down by Education Committee, HKAM and makes recommendation to our College Council. The College submitted 31 fellowship nominations and were all approved by the Hong Kong Academy of Medicine.

Finally, the Board would like to express our most sincere thanks to all examiners for their dedications and hard work in making the Exit Examination possible and successful.

During 2024–2025, the College continued to provide a wide range of CME lectures and seminars for our members. The regular Dermatology Seminar, Mental Health Seminar, and Medical Humanities Seminars organized by the respective interest groups were especially well received.

We also launched several certificate courses that attracted strong participation:

- Online Certificate Course on Management of Common Skin Problems in General Practice
- Certificate Course on Palliative Care for Primary Care Doctors 2024, co-organized with the Hong Kong Society of Palliative Medicine
- Certificate Course on Bringing Better Health to Our Community, co-organized with Queen Elizabeth Hospital
- Certificate Course on Updates on the Management of Common Urological Conditions

In addition, the Advanced Primary Care Life Support (APCLS) Training and Examination and the Annual Refresher Course (ARC) was held in hybrid format by the Board of Education. As in previous years, the pre-examination workshop for candidates and examiner standardization sessions were arranged by the Board of Conjoint Examination and Specialty Board.

Our flagship event, the HKPCC Conference 2024, was held face-to-face from 5-7 July 2024 under the theme “Family Medicine in the Community: Strengthening Connections.” The conference welcomed over 700 local and overseas participants, providing a valuable platform for knowledge exchange and professional networking.

We also enjoyed a memorable evening at the 47th Annual Dinner on 8 December 2024 at the Hong Kong Academy of Medicine Jockey Club Building. Members and invited guests shared joyful moments together, highlighted by a lucky draw. We extend our heartfelt thanks to our College Censors & Council members, as well as Cordis Hong Kong for their generous donation of prizes.

Our Journal continues to be one of the most respected and widely circulated local medical publications. The advertising section in The Hong Kong Practitioner and The FP Links, along with the College’s bulk e-mail and circulation services, remain highly popular among members and partner institutions.

Finally, I would like to sincerely thank all Committee members for their dedication and contributions. On behalf of the College, I also express our deepest gratitude to the following companies and organizations for their generous support of the College’s functions over the past year.

List of Nomenclatures of Procedures and Operations Promulgated by Colleges

Further to the previous update in 2021, the list of nomenclatures for procedures and operations promulgated by the Colleges of the Hong Kong Academy of Medicine (HKAM) has been available on the Medical Council of Hong Kong (MCHK) website since August 2024 for reference by medical practitioners. This initiative aims to promote the use of standardized terminology among doctors, thereby minimizing the risk of misleading information and public confusion. Colleges may continue to add new procedures and operations to the list.

Revised HKCFP Higher Vocational Training Logbook

This year, our Higher Vocational Training Logbook was updated to align with the revamped training curriculum. The revised logbook has been endorsed by the Education Committee.

The current CME/CPD cycle 2023-25

A summary of Fellows' total number of CME/CPD points after the 2nd year of current cycle was requested by the Academy in December 2024 according to the CME/CPD Principles and Guidelines. Colleges were recommended to remind Fellows that:

- (1) All CME/CPD proofs in the current cycle should be submitted to and updated by Colleges preferably starting from September 2025.
- (2) A reminder letter from the Academy would be sent in March 2025 to Fellows who were reported as potentially CME/CPD non-compliance (less than 4/9 of the required points) after the 2nd year of current cycle. A reminder will be sent in September 2025 again to Fellows who were still considered by Colleges as potentially CME/CPD non-compliance.
- (3) Their CME/CPD compliance status as of 31 Dec 2025 shall be reported to the MCHK immediately upon receiving Colleges' reports within the first two week of January 2026, followed by the non-compliance letter issued by the Academy.

Colleges' CME / CPD Principles and Guidelines 2026-28

Colleges are reminded to review and revise their respective CME/CPD guidelines and submit the updated version to the Education Committee for endorsement, preferably by June 2025, to ensure Fellows are informed in a timely manner.

Proposed Framework for Faculty Development

HKAM is dedicated to enhancing the quality of postgraduate medical education (PGME) and recognize that the competence of its faculty is a major factor influencing the quality of training. In this document, "faculty" refers to all individuals who are involved in the teaching and education of learners at all levels of the continuum (postgraduate and continuing professional development), leadership and management, as well as research and scholarship for medical education in HKAM and the Colleges. Faculty consists of 4 categories of individuals: (1) Trainers, (2) Examiners, (3) Supervisors of Training, and (4) Collegial Leads in Medical Education. HKCFP had provided our current position and future directions of the Faculty Development in related to these 4 categories to the Academy for reference.

WONCA APR Conference 2024 in Singapore

The WONCA Asia Pacific Region (APR) conference in 2024, held at the Raffles City Convention Centre, Singapore, from August 21-24. This event brought together medical professionals from across the region to share insights and foster collaboration in family medicine. We were glad to have the opportunities to catch up with WONCA President Dr. Karen Flegg, and Presidents and representatives of WONCA APR member organisations.

Bid for hosting the WONCA APR Conference in 2027

As one of the flagship events celebrating the College's 50th anniversary, we are proud to announce that we have successfully secured the bid to host the WONCA Asia Pacific Region Conference in 2027. This achievement was made possible by the dedication of a strong bidding team, including Prof. Donald Li, Prof. Cindy Lam, Dr. Stephen Foo, Prof. Samuel Wong, Dr. Li Yi Chu, Dr. Lorna Ng, Dr. Esther Yu, Dr. Cheryl Chan, Ms. Erica So, and myself.

We believe that this milestone event will bring together family medicine professionals from across the region, fostering collaboration and driving innovation in primary care.

World Family Doctor Day 2025

HKCFP, in collaboration with the Primary Healthcare Commission, successfully hosted the World Family Doctor Day 2025 Symposium on May 17, 2025. Over 150 representatives from public and private healthcare sectors celebrated the WFDD 2025 together. The event commenced with welcome addresses from Dr. Libby LEE (Under Secretary for Health, HKSAR)

and Professor Margaret CHAN (Emeritus Director-General, WHO).

This year's theme focused on family medicine's role in mental health and resilience, highlighting how family doctors—through long-term patient relationships—can detect early signs of anxiety, depression, and stress, enabling timely intervention. The Hong Kong Academy of Medicine's Well-being Charter, launched in 2021, was also spotlighted, emphasizing clinician wellness through mental health training, peer support programs, and professional development initiatives.

The symposium featured distinguished speakers, including Professor Philip LI (President, HK Academy of Medicine), Professor Donald LI (Chairman, Elderly Commission, HKSAR), Professor ZHU Shanzhu (President, General Medicine Branch of the Cross-Strait Medical and Health Exchange Association, China), and Dr. PANG Fei Chau (Commissioner for Primary Healthcare, HKSAR).

(From left to right)

1st row: Dr. Christy LAM, Dr. Tony HA, Professor Philip LI, Dr. PANG Fei Chau, Mr. Eddie LEE, Dr. Libby LEE, Dr. Teresa LI, Dr. David CHAO, Professor Donald LI, Professor ZHU Shanzhu, Professor Cindy LAM and Dr. Angus CHAN

2nd row: Dr. Billy CHIU, Dr. NGAN Po Lun, Dr. CHAN Hung Chiu, Dr. Wendy TSUI, Dr. Stephen FOO, Professor Samuel WONG, Dr. LAU Ho Lim, Dr. Cecilia FAN, Dr. Lorna NG, Dr. Maria LEUNG, Dr. Catherine CHEN and Dr. SU Yui Chi

3rd row: Dr. Matthew LUK, Dr. Peter FOK, Professor SHOU Juan, Dr. LI Yim Chu, Dr. Welch KO, Dr. King CHAN, Dr. Marcus WONG, Dr. Esther YU and Dr. Ken HO

Against the backdrop of rising global mental health challenges, discussions underscored the HK Government's Primary Healthcare Blueprint, which aims to expand primary care services, strengthen mental health resources, and enhance community-based initiatives.

We are also very grateful towards Dr Lam Ching Choi, Chairman of Advisory Committee on Mental Health, who despite being out of town and unable to join us at the Symposium, has expressed in his congratulatory message that family doctors as the cornerstone of primary healthcare, not only provide medical services but also contribute significantly to mental health education and early intervention of mental health patients in the community. The congratulatory message was published at FP Links May 2025 at https://www.hkcfp.org.hk/upload/FP_Links/FPLinks_202505.pdf

To further promote World Family Doctor Day 2025 to the public, HKCFP and the Health Bureau jointly published an article in a local newspaper.

The details of the Press Release are available at [https://www.hkcfp.org.hk/upload/Documents/PressRelease/PR_20250519_WFDD\(e\).pdf](https://www.hkcfp.org.hk/upload/Documents/PressRelease/PR_20250519_WFDD(e).pdf)

HKCFP representatives, Dr David Chao and Prof Samuel Wong attended the live Radio Programme 'Healthpedia' of Radio Television Hong Kong on 19 May 2025, Friday, to promote the WFDD and the Role of Family Doctor. The programme can be reviewed at https://www.rthk.hk/radio/radio1/programme/healthpedia/episode/1023176?fbclid=IwY2xjawNm3PxlHRuA2FibQlXMQABHkrPA_UjqAOuGeP8SOq3wUK2gCXPZQdSkrmVy7rDtDlaW2jIRKj_23LNGmn-aem_eHu9cOrzhB4LEvpfY2LrHw

Same as previous years, an article composed by HKCFP representative Dr Ken Ho was published in a local newspaper Hong Kong Economic Journal to highlight this year's WFDD theme. 世界家庭醫生日倡議 助病者建立心理韌性

世界家庭醫生組織 (WONCA) 將每年5月19日訂為世界家庭醫生日。今年的主題是「在轉變的世界建立心理韌性」(Building mental resilience in a changing world)。

人生中，我們必然要面對不同的壓力和未知，這些都會讓我們感受到不同程度的焦慮、抑鬱、哀傷等情緒。每個人處理或適應這些負面心理情緒的能力都有所不同，這就是「心理韌性」。

撰文：何家銘醫生 香港家庭醫學學院

家庭醫生與病者建立心理韌性。

心理韌性是指我們適應生活中各種環境、創傷、悲傷、威脅或壓力的一個過程。例如家庭、人際關係、健康、工作、經濟等問題。心理韌性並非天生，而是可以學習和培養，並非完全天生。心理韌性讓我們在充滿變化的世界中，能夠有效面對壓力、適應、克服各方壓力及情緒，但它並不保證大家得到完美的精神心理健康，生活因而更美好的世界。

長久關係

家庭醫生與病者建立長遠的關係，對病者而言，了解、支持與關懷，實在非常有助病者建立心理韌性。家庭醫生為病者提供心理支持，不僅是提供藥物治療，更提供情感上的支持。家庭醫生能理解病者的心理壓力，並提供適當的心理支持。家庭醫生是病者在處理醫療系統時的一個重要支持。

結締動，實在是在為市民大眾提供心理健康的最佳位置。家庭醫生與病者建立長久及良好關係的同時，家庭醫生也能面對及處理生活中各種困難，從而提升病者的心理韌性。家庭醫生的支援之下，市民大眾便能更有信心地面對生活挑戰，擁有更有意義的生活。

靜觀練習

靜觀練習有助培養心理韌性。靜觀練習大家可以在任何場合實踐。靜觀練習中，一點點、慢慢地對當前的事情，一分一秒，大家都能幫助有需要的人。這可以讓自己的生活更豐富及更有意義。靜觀練習，家庭醫生亦需要關注病者的心理健康，因為他們能幫助病者建立心理韌性，這可有助於病者的病者。其實，家庭醫生與病者的心理健康及福祉關係，是建立在能夠與病者建立良好關係的基礎上。

心理健康的同時，亦會讓病者感受到安定和行動的勇氣。家庭醫生與病者同行，一同成長及保持心理韌性，建立一個健康而有韌性的醫療系統。

社會大眾對家庭醫學發展的支持，亦十分重要。家庭醫學發展的支持，對病者及社會亦有助益。世界家庭醫生組織建立全球網絡，促進世界各地家庭醫學發展，加強對家庭醫學的支持。家庭醫生與病者建立良好關係，促進病者的健康，促進社會的健康。家庭醫生與病者建立良好關係，促進病者的健康，促進社會的健康。家庭醫生與病者建立良好關係，促進病者的健康，促進社會的健康。

With the careful oversight of the Finance Committee, the College's financial position for 2024-2025 remained sound and stable. Our accumulated financial reserves continued to grow steadily, with deposits now exceeding HK\$17 million.

There were no major changes in our investment portfolio compared with the previous financial year. Approximately 18.57% of the portfolio remains in equity shares, acquired at the time of their initial issuance, while the majority of funds are held as cash savings across various banks.

I would like to extend my sincere gratitude to Dr David Chao, our President; Prof Samuel Wong, our Vice-President (Education & Examinations); Dr Lau Ho Lim, our Vice-President (General Affairs); and Dr Cecilia Fan, our Honorary Secretary, for their continued support and guidance. My heartfelt thanks also go to Ms Erica So, our General Manager, and Mr Roy Leung, our Administrative Executive, for their dedicated service.

In addition, I wish to express my appreciation to Ms Priscilla Li for her contributions up until her retirement in June 2024. Last but not least, I would like to acknowledge Mr Jasper Ma, our Honorary Auditor, for his professional advice and valuable services.

Chairlady's Message

Since the publication of the inaugural edition in March 2004, FP Links serves as the College Newsletter of HKCFP with the following missions:

1. To disseminate the College News to College members.
2. To report news of various Boards and Committees.
3. To provide a channel for dissemination of information or articles related to Family Medicine, either clinical or non-clinical.
4. To act as a bridge for communication between members and the College

The founding Editorial Board started off with three members under Dr John Chung's leadership. Throughout these years, there is significant expansion of our membership list. Our committee now comprises 28 members coming from different sectors: public and private; universities, cross clusters and even cross countries. With the vision to promote Family Medicine and advocate for primary care, we work closely to promote the development of Family Medicine and enhance the communication between the College, members and other professionals. Our contents are strongly diversified, from photo gallery and highlights of college events, WONCA news, Family Medicine related activities and development, clinical practice sharing, to latest medical updates and health related news, and sharing of colleagues, young and experienced,

about their life and reflections as a family doctor, both locally and cross the sea. There is also support from other Boards, e.g. the Board of Education who contribute the learning points discussed in group meetings. Our aim is to produce a newsletter which is both informative and interesting. From January 2024, the Committee took “Go Green” to next level and drove the initiative forward, subscriptions would be changed to electronic versions automatically for all College members unless notified otherwise. The Committee would like to thank the College members who have supported the “Go Green” initiative in reducing paper consumption and helping conserve natural resources!

The Committee also implemented the following measures to enhance the Readership experience after “Go Green”:

- 1) **Incentive for Readership:** Gift vouchers would be given to members who returned readers’ surveys or feedbacks after reading the issue, starting from June 2024.
- 2) **Incentive for article submission:** If articles are selected for publication, options of College souvenirs or Gift vouchers would be given to the author as token of appreciation, starting from April 2024.
- 3) **Monthly Email:** the NEW layout of FP Links monthly email to members would be implemented from April 2025.
- 4) **Website:** The layout of website would also be enhanced with the addition of hyperlinks from June 2025.

CHAIRLADY'S MESSAGE

The annual Hong Kong Primary Care Conference was successfully held from 5th to 7th of July 2024. Our hallmark event has consistently attracted local and international distinguished guests and delegates. This year we have a record high of non-local participants coming from different countries and regions including Australia, Macau, Mainland China, Malaysia, Norway, Philippines, Singapore, Taiwan and the United Kingdom. Our theme "Family Medicine in the Community: Strengthening Connections" highlighted the role of family doctors as leaders in primary healthcare in strengthening medical-social collaboration in support of the Primary Care Blueprint and realizing the concept of "Family Doctor for All".

Our well-curated scientific program was richly packed with four plenaries, seminars, workshops, clinical case competition as well as oral and poster competitions. Our four eminent plenary speakers, namely, Dr. Lam Ching Choi, Professor Cindy Lam, Professor Samuel Wong and Professor Rodger Charlton, shared their expertise regarding the significance of medical-social collaboration and the crucial role of family physicians in primary healthcare as well as the role of family doctors in coordinating care in various aspects ranging from community mental health to end of life care. As always, our annual conference provides a fertile milieu for academic exchange and networking opportunities among international and local primary care community. My heartfelt gratitude to all speakers, judges and moderators for their valuable support, sponsors for their generosity, all members of our conference organizing committee and secretariat for their dedicated efforts.

Last but not least, my utmost appreciation to all delegates for their continuing avid participation in making this flagship conference an annual success.

THE EVOLVING ROLE OF HOUSE MANAGEMENT COMMITTEE

In recent years, the House Management Committee faced a steady increase in responsibilities and complexity. What was once a primarily administrative function has grown into a strategic and operational leadership role. As expectations continue to rise, so too does the workload—and this trend is expected to persist in the years ahead.

With the formation of the Primary Healthcare Commission, we now have a broader and clearer direction for the development of family medicine and primary care in Hong Kong SAR. This marks a pivotal moment for our profession, opening up new opportunities and expectations for service delivery, integration, and innovation.

Adding to this momentum, the College will be hosting the WONCA Asia Pacific Regional Conference in 2027, a major international event that will spotlight Hong Kong's leadership in primary care. Preparing for this milestone will require coordinated efforts, strategic planning, and a strong, capable team.

To meet these growing demands, we know that expansion of our workforce is essential. We are committed to building a team that is not only larger but also more skilled and adaptable. Among our current staff, some are already quite senior and ready to be trained into leadership roles, where they can guide others and contribute to strategic initiatives. Others, while also experienced, may be better suited to supporting roles, where their consistency and deep knowledge continue to be invaluable.

This tailored approach to staff development ensures that everyone is placed where they can work and contribute meaningfully. Teamwork and a positive work environment remain central to our success. A culture of collaboration, respect, and shared purpose helps us to manage increasing workloads while maintaining morale and productivity.

Finally, it is vital that boards and leadership bodies recognise the dedication and hard work of our staff and committees. Whether through formal acknowledgements, career development opportunities, or simply a word of thanks, recognition reinforces commitment and strengthens the organisation.

In short, staff management committees are no longer just administrative units—they are strategic partners in building a resilient, high-performing workforce. With the right support, training, and recognition, they will continue to support the College into a stronger future.

STAFF CHANGES AND SALARY REVIEW

We would like to express our heartfelt gratitude to Ms. Priscilla Li, who has worked at HKCFP for nearly 15 years and officially retired in June 2024. During her time at HKCFP, Priscilla was primarily responsible for bookkeeping work, handling membership applications, and managing various daily administrative tasks in the office. She was diligent and efficient in her work, and in her final year before retirement, she conscientiously handed over her duties to the incoming accounting staff. We sincerely thank Priscilla for her long-standing service to the College.

The House Management Committee reviewed the staff's work performance annually in order to propose salary adjustment and possible promotion. The Committee would like to thank the Chairmen and Chairladies of all Boards and Committees for their feedback on the recent appraisal. Alongside the performance review, the salary packages of our staff were reviewed. The House Committee and the Executives, in consideration of the current job market situation, agreed that a more competitive salary package for our staff will be conducive to the morale of our staff and the attractiveness of our job posts. This proposal was approved by the Council.

Last but not the least, I would like to thank Ms Erica So, General Manager, for her excellent leadership and contribution, and all staff members for their committed support throughout the years.

***Including Conferment 2025**

47th Annual Dinner

The 47th Annual Dinner was held on 8 December 2024 (Sunday) at Run Run Shaw Hall, 1/F, Hong Kong Academy of Medicine Jockey Club Building, Wong Chuk Hang, Hong Kong.

The Annual Dinner was well attended by 230 participants including our Council members, College Board/Committee members, their spouses and guests from different collaborative organisations. It provided a joyful opportunity for us to meet and catch up with colleagues and friends.

The Internal Affairs Committee wishes to thank Dr David V K CHAO, our President, and our Council members, as well as collaborative organisations and hotel for supporting and sponsoring the prizes in the Lucky Draw. Sincere thanks to Dr Cheryl Y C CHAN, Dr Felix H L LI, Dr Jerry L Y WOO and Dr Esther Y T YU, the Masters of Ceremony of the Annual Dinner, and our secretariat team members who dedicated their great efforts in making the Annual Dinner a successful occasion.

We would also like to express our gratitude towards our in-house live band FM² 醫家樂隊 formed by members of Young Doctors Committee, including Dr Louis K W CHAN, Dr Chloe L CHAN, Dr Wells CHANG, Dr LI Ting Kwan, Dr Aldo C L WONG and Dr Jerry L Y WOO.

38th Conferment Ceremony and the 35th Dr Sun Yat Sen Oration

The 38th Fellowship Conferment Ceremony and the 35th Dr Sun Yat Sen Oration was held on 13 July 2025 (Sunday) as scheduled at the Run Run Shaw Hall, Hong Kong Academy of Medicine Jockey Club Building, 99 Wong Chuk Hang Road, Aberdeen, Hong Kong.

This year, the Ceremony was well attended by 297 guests, including the successful candidates of Exit Assessment, Conjoint Fellowship Examination, Diploma in Family Medicine and their families and friends, as well as invited guests and dignitaries from the Health Bureau, the Legislative Council, the Department of Health, the Hospital Authority, the universities and representatives of local academic colleges.

The current membership of HKCFP is as follows: - (as at end of June 2025)

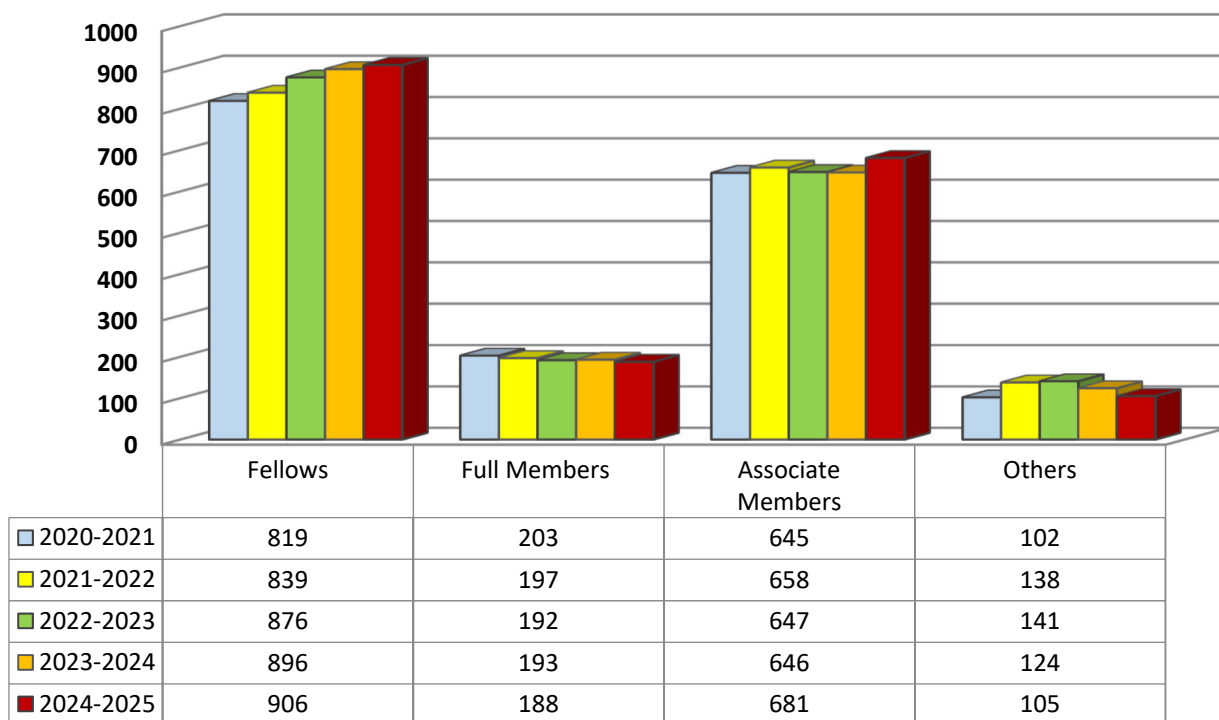

Fellows*	906 (HKAM Fellows: (589))
Full Members	188
Associate Members	681
<u>Others**</u>	<u>105</u>
Total:	1,880

* Fellows include Fellows, Foundation Fellows, Honorary Fellows and Non-HKSAR Fellows.

** Others include Affiliate Members, Non-HKSAR Members and Student Members.

More of our members become fellows and the body of Membership remains steady in the past year. With our College's team of dedicated members who are practicing quality medicine, the term "Family Medicine" is increasingly recognized by the general public as synonymous to quality primary care. We expect to see a constant growth in membership with increase in proportion of fellowship.

The QA&A program aims to promote participation in Continuing Medical Education (CME) and Continuing Professional Development (CPD) activities for General Practitioner (GP) and Family Physician (FP). With end in mind to promote continuous education and professional development for college members through high quality educational activities, QA&A committee identifies and assesses these learning activities and accredits CME/CPD points to the participants. In between April 2024 to March 2025 Committee have proceeded 1658 pre-accreditation application from organizers.

CME certificate is also issued via QA&A committee to members fulfilling the College's requirement as a token recognition and encouragement. For year 2024 a total of 1282 college fellows and members has obtained CME Certificate.

Regarding CME, for HKCFP Members who have chosen Hong Kong Academy of Medicine (HKAM) via HKCFP as their CME Administrator under "MCHK CME Programme for Non-specialists" category, we would administer their MCHK CME with waiving of fee charged by HKAM starting January 2017. By April 2025, 200 college members have chosen HKAM via HKCFP as their CME Administrator

In order to set proper standard for awarding CME for the rapidly rising trend of on-line webinars, the committee has discussed and agreed on setting a minimal requirement of 75% attendance time plus passing post-event quiz/survey, starting from August 2020. Also attending two webinars with 15 Minutes or above overlap time would be counted as 'duplicate attendance', no CME points shall be awarded. Also starting from June 2024, 3-2-1 prompt was introduced; member can submit CPD Log or 3-2-1 prompt after joining lectures, seminars and workshops organized by the Board of Education

Please find list of active fellows/members who have fulfilled the College's requirement for awarding certificate as below

 Dr Billy C F CHIU (Honorary Treasurer)

Staff: Mr John P C MA (Administrative Executive)

Twelve submissions had been received for the Best Research Award 2024 and the Best Trainee Research Award 2024, the selection panel consisted of two assessors. The winning papers were:

- Best Research Award 2024: "Early intensification with DPP4 inhibitors reduces glycemic variability and delays insulin requirement:

A propensity score-matched cohort study of type 2 diabetes patients in RAMP-DM" by Dr CHEUNG Tsz King

- Best Trainee Research Award 2024: "Experiences and reflections of doctors on the operations of designated clinics during the COVID-19 pandemic in Hong Kong: a qualitative study" by Dr ZHANG Dingzuan
- Trainee Research Award 2024 – 1st Runner Up: "Experiences and reflections of doctors on the operations of designated clinics during the COVID-19 pandemic in Hong Kong: a qualitative study" by Dr CHUANG Chi Kit

The 2025 HKCFP Research Fellowship had received five applications this year. The selection panel which consisted of two assessors had selected the winner to be Dr LI Minru. His research project was "Oral health condition in Chinese patients with type 2 diabetes mellitus in Hong Kong: the prevalence and associate risk factors of periodontitis".

The Committee has established two new funding awards over the last ten years: Trainees Research Fund, to encourage trainees to attempt research segment of the Exit Examination, and Research Seed Fund, to provide the opportunity for other interested parties to develop funding proposals and research ideas related to family medicine.

I wish to thank all who have provided assistance to the Research Committee and look forward to closer collaborations in the future.

In the year 2024-25, we are delighted to serve our College members.

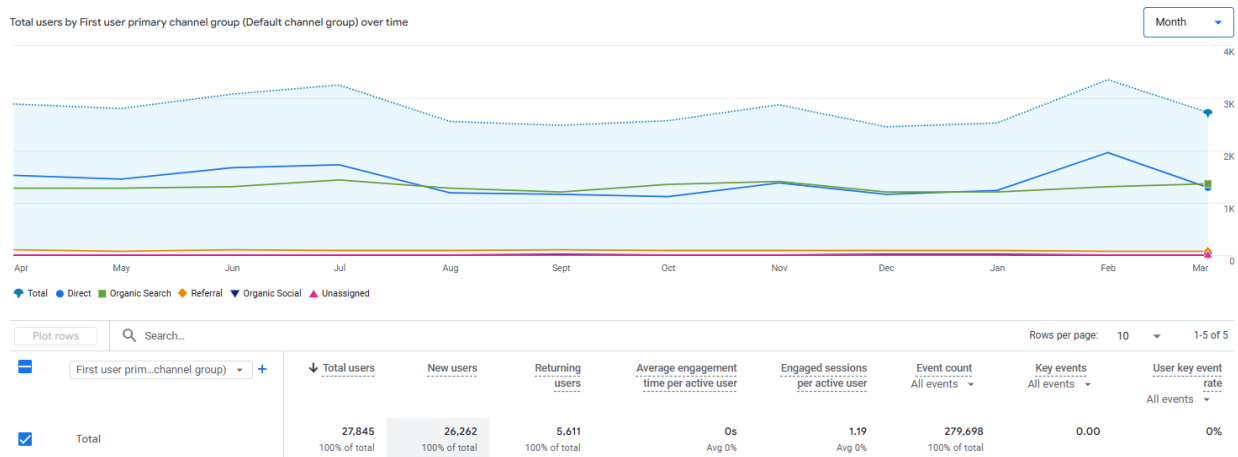

Computer software and hardware are being updated and renewed to tackle the increasing demand. Thanks to our secretarial support and input from the Committee, the registration system for educational activities, members' MCQs and Clinical Quizzes function in our college website are maintained smoothly. The Web and Computer Committee also manages our College Facebook page, which serves as a platform for sharing timely information with College members, community friends, and the public. PayPal payment is available to facilitate transactions of membership subscription fee and registration fee of the Hong Kong Primary Care Conference (HKPCC) 2024. Single Sign-On (SSO) access has been rolled out to facilitate our members logging in to the Membership Corner of our HKCFP website, as well as the e-Learning platform.

We value and welcome suggestions from our College members. The web and computer daily operations are being monitored by our secretarial staff, and we are grateful for their dedicated service.

I would once again like to express my appreciation to the members of the Web and Computer Committee for their support in the past

year. We look forward to serving our College in the coming year.

CO-CHAIRMEN'S MESSAGE:

The HKCFP Young Doctors Committee was formed by our College in May 2017. We aim to engage our young doctors joining the College activities

and nurture young leaders. We would connect the medical students, medical interns and young members of our College to enhance our communication with each other. We also promote our younger leaders to represent our College in the participation of local, national and international meetings. The composition of our membership were enthusiastic young doctors coming from public and private sectors in order to keep up the momentum.

The financial situation of the College remained stable throughout the year 2024-2025. As of the end of the financial year, the College maintained reserves in excess of HK\$20.8 million. This strong position was achieved through the conservative investment strategy adopted by the Finance Committee, with the majority of funds held as cash savings in the Bank of East Asia, HSBC, and Wing Hang Bank.

During the year, the College continued to operate under three companies, as reflected in the Auditor's Report.

In September 2024, HKCFP Holdings & Development Ltd. was formally deregistered and dissolved. The outstanding bank balance of HK\$332,642.13 was transferred to HKCFP Education Limited, with the process successfully completed under the guidance of C F Cheung Certified Public Accountant Company.

The College's income for the year was derived primarily from its Boards and Committees. The largest contribution came from the Board of Conjoint Examination, which generated HK\$2.09 million, representing a 13.14% increase compared with the previous year. Membership subscriptions, managed by the Membership Committee, remained steady at HK\$1.89 million. The Specialty Board contributed HK\$1.71 million, while the Board of Education achieved HK\$1.58 million, reflecting a significant increase of 24.5%. The Hong Kong Primary Care Conference (HKPCC) recorded HK\$1.2 million, a remarkable growth of 72.3% over the prior year. The Board of Diploma in Family Medicine reported HK\$0.85 million, representing a 33.3% decrease, while the Board of Vocational Training and Standards contributed HK\$0.77 million, an increase of 7.65%. Overall, most Boards reported a surplus, with particularly strong performances from the HKPCC and the Board of Education.

On the expenditure side, staff salaries and allowances continued to represent the single largest cost item, amounting to HK\$5.5 million. Total cumulative expenses rose by 13.3% compared with 2023-2024, reflecting both an increase in staff headcount and salary adjustments during the year.

In summary, the College has maintained a sound and sustainable financial position. The prudent management of reserves, coupled with growth in income from key Boards and Committees, has ensured that the College remains well placed to support its ongoing development and activities in the years ahead.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE HONG KONG COLLEGE OF FAMILY PHYSICIANS (incorporated in Hong Kong with liability limited by guarantee)

Opinion

We have audited the financial statements of THE HONG KONG COLLEGE OF FAMILY PHYSICIANS ("the College") set out on pages 6 to 15, which comprise the statement of financial position as at 31 March 2025, and the statement of comprehensive income, statement of changes in funds and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the College as at 31 March 2025, and of its financial performance and cash flows for the year then ended in accordance with HKFRS for Private Entities Accounting Standard as issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") as issued by HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the College in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Council is responsible for the other information. The other information comprises the information included in the report of the Council set out on pages 1 and 2, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Other Information - Cont'd

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Council and Those Charged with Governance for the Financial Statements

The Council is responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS for Private Entities Accounting Standard as issued by the HKICPA and the Companies Ordinance, and for such internal control as the Council determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Council is responsible for assessing the College's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Council either intend to liquidate the College or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the College's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Council.

Auditor's Responsibilities for the Audit of the Financial Statements - Cont'd

- Conclude on the appropriateness of the Council's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the College's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the College to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2025**

1. Reporting entity and its principal accounting policies

The Hong Kong College of Family Physicians is a college incorporated in Hong Kong with limited liabilities, not having a share capital and limited by guarantee. The liability of each of its members, in the event of its being wound up while he/she is a member, or within one year after he/she ceased to be a member for payment of the debts and liabilities of the College contacted before he/she ceases to be a member, and costs, charges and expenses of winding up, and for the adjustment of the rights of the contributories amongst themselves, is limited to an amount not exceeding HK\$10.

The College's registered office is located at Room 803-4, 8/F., HKAM Jockey Club Building, 99 Wong Chuk Hang Road, Aberdeen, Hong Kong. The principal activities of the College are provision of continuing medical education in relation to family medicine.

Basis of preparation of the financial statements

These financial statements have been prepared under the accrual basis of accounting and on the basis that the Institute is a going concern and in accordance with the HKFRS for Private Entities Accounting Standard as approved by the Hong Kong Institute of Certified Public Accountants and the requirements of the Companies Ordinance.

The measurement base adopted is the historical cost convention.

The following are the specific accounting policies that are necessary for a proper understanding of the financial statements:

a) Property and equipment

Property, plant and equipment are measured at initial recognition at cost and subsequently measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost comprises purchase price, conversion cost and estimated cost of dismantling and restoration. Expenditure such as repairs and maintenance, overhaul costs and borrowing costs are normally charged to profit or loss when they are incurred. Where expenditure has resulted in increases in the future economic benefits from the use of the property, plant and equipment, the expenditure is capitalized.

The residual values and useful lives of the property, plant and equipment are reviewed annually. If necessary, the residual value, depreciation method or useful life of that asset is amended prospectively to reflect the new expectation. Depreciation is calculated using the straight-line method to write off the depreciable amount of each property, plant and equipment to profit or loss unless it is included in the carrying amount of another asset over its estimated useful life. The following estimated useful lives are used for the depreciation of property, plant and equipment.

Furniture, fixture and equipment	15%
----------------------------------	-----

On disposal or retirement, the cost (or revalued amount) together with associated accumulated depreciation and impairment losses, if any, of the property, plant and equipment are derecognized and any gain or loss resulting from the disposal is recognized in profit or loss.

**THE HONG KONG COLLEGE OF FAMILY PHYSICIANS
(LIMITED BY GUARANTEE)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2025**

1. Reporting entity and its principal accounting policies

b) Impairment of assets

At the end of each reporting period, non-current assets other than financial assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is any indication of possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If the estimated recoverable amount is less than the carrying amount, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognized immediately in profit or loss. If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount, but not in excess of the carrying amount that would have been determined (net of any depreciation/amortization) had no impairment loss been recognized for the asset (group of related assets) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

c) Income tax

Income tax comprises current tax and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit may differ from profit or loss as reported in the statement of comprehensive income because of permanent difference and temporary difference.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases using in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences, except to the extent that the deferred tax liabilities arise from the initial recognition of goodwill or from the initial recognition (other than in a business combination) of an asset or liability in a transaction that affects neither accounting profit nor taxable profit or tax loss. The measurement of deferred tax liabilities associated with an investment property measured at fair value and property, plant and equipment measured at revalued amount shall not exceed the amount of tax that would be payable on its sales to an unrelated market participant at fair value at the end of reporting period. Deferred tax assets are generally recognized for all deductible temporary differences, unused tax losses and unused tax credits to the extent that is probable that taxable profit will be available against which those deductible temporary differences, unused tax losses and unused tax credits can be utilized. Such deferred tax assets are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of an asset and liability in a transaction that affects neither the accounting profit nor the taxable profit or tax loss.

The Unrecognised deferred tax assets are reviewed at the end of each reporting period and recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Current and deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the reporting date.

d) Trade and other receivable

Trade and other receivables are measured at initial recognition at transaction price (including transaction costs) and subsequently measured at amortized cost using the effective interest method, less provision for impairment, if any. A provision for impairment of trade and other receivables is established when there is objective evidence that the College will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognized in profit or loss.

e) Related Parties

- (a) A person, or a close member of that person's family, is related to the College if that person:
- (i) has control or joint control over the College;
 - (ii) has significant influence over the College; or
 - (iii) is a member of key management personnel of the College.
- (b) An entity is related to the College if any of the following conditions applies:
- (i) the entity is a post-employment benefit plan for the benefit of the employees of the College or an entity related to the College;
 - (ii) the entity is controlled or jointly controlled by a person identified in (a);
 - (iii) a person identified in (a)(i) has significant influence over the entity or is a member of key management personnel of the entity (or of a parent of the entity); and
 - (iv) the entity provides key management personnel services to the Foundation.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the College and include (i) that person's children and spouse or domestic partner; (ii) children of that person's spouse or domestic partner; and (iii) dependents of that person or that person's spouse or domestic partner.

f) Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents represent cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term highly liquid investments which are readily convertible into known amounts of cash and subject to an insignificant risk of change in value. Bank overdrafts which are repayable on demand and form an integral part of the College's cash management are also included as a component of cash and cash equivalents.

g) Revenue

Revenue is recognized as income when it is probable that the economic benefits associated with transaction will flow to the College and when the amount of revenue as well as costs incurred for the transaction can be measured reliably. Revenue is measured at fair value of the consideration received or receivable and is shown net of discounts, rebates and refund.

- Entrance fee from members is recognized in the financial year of receipt.
- Annual subscription fee is recognized on a time proportion basis.
- Interest income is recognized on the time proportion basis taking into account the principal outstanding and the effective rate of interest applicable.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HKCFP EDUCATION LIMITED

(incorporated in Hong Kong with liability limited by guarantee)

Opinion

We have audited the financial statements of HKCFP EDUCATION LIMITED ("the Institute") set out on pages 6 to 15, which comprise the statement of financial position as at 31 March 2025, and the statement of comprehensive income and accumulated deficits and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the Institute as at 31 March 2025, and of its financial performance and its cash flows for the year then ended in accordance with the HKFRS for Private Entities Accounting Standard as issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") as issued by HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Institute in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the report of the directors set out on pages 1 and 2, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Other Information - Cont'd

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and Those Charged with Governance for the Financial Statements

The directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS for Private Entities Accounting Standard as issued by the HKICPA and the Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Institute's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Institute or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Institute's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Institute's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

Auditor's Responsibilities for the Audit of the Financial Statements - Cont'd

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Institute's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Institute to cease to continue as a going concern.
- Evaluate the overall presentations, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a matter that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2025**

1. Reporting entity and its principal accounting policies

HKCFP Education Limited is an Institute incorporated in Hong Kong that is limited by guarantee and not having a share capital. The liability of each of its members, in the event of its being wound up while he/she is a member, or within one year after he/she ceased to be a member for payment of the debts and liabilities of the Institute contracted before he/she ceases to be a member, and costs, charges and expenses of winding up, and for the adjustment of the rights of the contributories amongst themselves, is limited to an amount not exceeding HK\$10.

The Institute's registered office is located at Room 803-4, 8/F., HKAM Jockey Club Building, 99 Wong Chuk Hang Road, Aberdeen, Hong Kong. The principal activities of the Institute is to act as an Educational Organization in respect of the development of Family Medicine.

Basis of preparation of the financial statements

These financial statements have been prepared under the accrual basis of accounting and on the basis that the Institute is a going concern and in accordance with the HKFRS for Private Entities Accounting Standard as approved by the Hong Kong Institute of Certified Public Accountants and the requirements of the Companies Ordinance.

The measurement base adopted is the historical cost convention.

The following are the specific accounting policies that are necessary for a proper understanding of the financial statements:

a) Property and equipment

Property, plant and equipment are measured at initial recognition at cost and subsequently measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost comprises purchase price, conversion cost and estimated cost of dismantling and restoration. Expenditure such as repairs and maintenance, overhaul costs and borrowing costs are normally charged to profit or loss when they are incurred. Where expenditure has resulted in increases in the future economic benefits from the use of the property, plant and equipment, the expenditure is capitalized.

The residual values and useful lives of the property, plant and equipment are reviewed annually. If necessary, the residual value, depreciation method or useful life of that asset is amended prospectively to reflect the new expectation. Depreciation is calculated using the straight-line method to write off the depreciable amount of each property, plant and equipment to profit or loss unless it is included in the carrying amount of another asset over its estimated useful life. The following estimated useful lives are used for the depreciation of property, plant and equipment.

Office equipment	15%
------------------	-----

On disposal or retirement, the cost (or revalued amount) together with associated accumulated depreciation and impairment losses, if any, of the property, plant and equipment are derecognized and any gain or loss resulting from the disposal is recognized in profit or loss.

HKCFP EDUCATION LIMITED
(LIMITED BY GUARANTEE)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2025

1. Reporting entity and its principal accounting policies

b) Subsidiaries

Subsidiary is an entity in which the Institute, directly and indirectly, controls the composition of the board of directors, controls more than half of the voting power or holds more than half of the issued share capital. The Institute's interest in subsidiaries are stated at cost less provision for permanent diminution in value. Results of the subsidiaries are accounted for by the Institute on the basis of dividends received and receivable.

c) Trade and other receivables

Trade and other receivables are measured at initial recognition at transaction price (including transaction costs) and subsequently measured at amortized cost using the effective interest method, less provision for impairment, if any. A provision for impairment of trade and other receivables is established when there is objective evidence that the Institute will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognized in profit or loss.

d) Impairment of assets

At the end of each reporting period, non-current assets other than financial assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is any indication of possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If the estimated recoverable amount is less than the carrying amount, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognized immediately in profit or loss. If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount, but not in excess of the carrying amount that would have been determined (net of any depreciation/amortization) had no impairment loss been recognized for the asset (group of related assets) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

e) Revenue

Revenue is recognized as income when it is probable that the economic benefits associated with transaction will flow to the Institute and when the amount of revenue as well as costs incurred for the transaction can be measured reliably. Revenue is measured at fair value of the consideration received or receivable and is shown net of discounts, rebates and refund.

- Income from education boards is recognized when the related services have rendered.
- Management fee income is recognized when the relevant services have rendered.
- Interest income is recognized on the time proportion basis taking into account the principal outstanding and the effective rate of interest applicable.

f) Income tax

Income tax comprises current tax and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit may differ from profit or loss as reported in the statement of profit or loss because of permanent difference and temporary difference.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases using in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences, except to the extent that the deferred tax liabilities arise from the initial recognition of goodwill or from the initial recognition (other than in a business combination) of an asset or liability in a transaction that affects neither accounting profit nor taxable profit or tax loss. The measurement of deferred tax liabilities associated with an investment property measured at fair value and property, plant and equipment measured at revalued amount shall not exceed the amount of tax that would be payable on its sales to an unrelated market participant at fair value at the end of reporting period. Deferred tax assets are generally recognized for all deductible temporary differences, unused tax losses and unused tax credits to the extent that is probable that taxable profit will be available against which those deductible temporary differences, unused tax losses and unused tax credits can be utilized. Such deferred tax assets are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of an asset and liability in a transaction that affects neither the accounting profit nor the taxable profit or tax loss.

The Unrecognised deferred tax assets are reviewed at the end of each reporting period and recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Current and deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the reporting date.

g) Employee benefits

Salaries, annual bonuses, paid annual leave and other leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are measured at their present values.

The Institute operates a defined contribution plan under mandatory provident fund plan. The Institute pays contributions to the independent administrator on a mandatory basis. The Institute has no further payment obligations once the contributions are paid. The contributions are recognized as employee benefit expense when they are incurred and the cost can be measured reliably.

h) Lease

Annual rents applicable to such operating leases are charged to profit or loss on a straight-line basis over the lease term. Incentives such as rent-free period or subsidy on decoration, if any, are recognized as a reduction of rental expenses over the lease term on straight-line basis.

i) Related Parties

(a) A person, or a close member of that person's family is related to the Institute if that person:

- (i) has control or joint control over the Institute;
- (ii) has significant influence over the Institute; or
- (iii) is a member of key management personnel of the Institute.

(b) An entity is related to the Institute if any of the following conditions applies:

- (i) the entity is a post-employment benefit plan for the benefit of employees of the Institute or an entity related to the Institute;
- (ii) the entity is controlled or jointly controlled by a person identified in (a);
- (iii) a person identified in (a)(i) has significant influence over the entity or is a member of key management personnel of the entity (or of a parent of the entity); and
- (iv) the entity provides key management personnel services to the Institute.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the Institute and include (i) that person's children and spouse or domestic partner; (ii) children of that person's spouse or domestic partner; and (iii) dependents of that person or that person's spouse or domestic partner.

j) Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents represent cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term highly liquid investments which are readily convertible into known amounts of cash and subject to an insignificant risk of change in value. Bank overdrafts which are repayable on demand and form an integral part of the Institute's cash management are also included as a component of cash and cash equivalents.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HKCFP FOUNDATION FUND

(incorporated in Hong Kong with liability limited by guarantee)

Opinion

We have audited the financial statements of HKCFP FOUNDATION FUND ("the Foundation") set out on pages 6 to 13, which comprise the statement of financial position as at 31 March 2025, and the statement of comprehensive income, statement of changes in foundation's funds and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the Foundation as at 31 March 2025, and of its financial performance and its cash flows for the year then ended in accordance with the HKFRS for Private Entities Accounting Standard as issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") as issued by HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Foundation in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Executive Board is responsible for the other information. The other information comprises the information included in the report of the Executive Board set out on pages 1 and 2, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Other Information - Cont'd

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Executive Board and Those Charged with Governance for the Financial Statements

The Executive Board is responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS for Private Entities Accounting Standard as issued by the HKICPA and the Companies Ordinance, and for such internal control as the Executive Board determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Executive Board is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Executive Board either intend to liquidate the Foundation or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Foundation's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Executive Board.

Auditor's Responsibilities for the Audit of the Financial Statements - Cont'd

- Conclude on the appropriateness of the Executive Board's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

(LIMITED BY GUARANTEE)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2025**

1. Reporting entity and its principal accounting policies

HKCFP Foundation Fund is a foundation incorporated in Hong Kong that is limited by guarantee and not having a share capital. The liability of each of its members, in the event of its being wound up while he/she is a member, or within one year after he/she ceased to be a member for payment of the debts and liabilities of the Foundation contracted before he/she ceases to be a member, and costs, charges and expenses of winding up, and for the adjustment of the rights of the contributories amongst themselves, is limited to an amount not exceeding HK\$50.

The Foundation's registered office is located at Room 803-4, 8/F., HKAM Jockey Club Building, 99 Wong Chuk Hang Road, Aberdeen, Hong Kong. The principal activities of the Foundation are provision of promote, encourage and assist, for the public benefit, research and education on family medicine.

Basis of preparation of the financial statements

These financial statements have been prepared under the accrual basis of accounting and on the basis that the Institute is a going concern and in accordance with HKFRS for Private Entities Accounting Standard as approved by the Hong Kong Institute of Certified Public Accountants and the requirements of the Companies Ordinance.

The measurement base adopted is the historical cost convention, as modified by the revaluation of financial assets at fair value.

The following are the specific accounting policies that are necessary for a proper understanding of the financial statements:

a) Financial assets

Financial assets are recognized when, and only when the entity becomes party to the contractual provisions of the instruments.

On initial recognition of an investment in equity instrument that is not held for trading, the Foundation may irrevocably elect to present subsequent changes in fair value in other comprehensive income which will not be reclassified subsequently to profit or loss. Dividends from such investments are to be recognized in profit or loss when the Foundation's right to receive payments is established. For investments in equity instruments which the Foundation has not elected to present subsequent changes in fair value in other comprehensive income, changes in fair value are recognized in profit or loss.

A financial asset is derecognized where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognized in other comprehensive income for debt instruments is recognized in profit or loss.

**HKCFP FOUNDATION FUND
(LIMITED BY GUARANTEE)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2025**

1. Reporting entity and its principal accounting policies

b) Trade and other receivable

Trade and other receivables are measured at initial recognition at transaction price (including transaction costs) and subsequently measured at amortized cost using the effective interest method, less provision for impairment, if any. A provision for impairment of trade and other receivables is established when there is objective evidence that the Foundation will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognized in profit or loss.

c) Income tax

No provision for Hong Kong profits tax has been made in the financial statements as the Foundation is exempt from tax under Section 88 of the Inland Revenue Ordinance.

d) Impairment of assets

At the end of each reporting period, non-current assets other than financial assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is any indication of possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If the estimated recoverable amount is less than the carrying amount, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognized immediately in profit or loss. If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount, but not in excess of the carrying amount that would have been determined (net of any depreciation/amortization) had no impairment loss been recognized for the asset (group of related assets) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

e) Revenue

Revenue is recognized as income when it is probable that the economic benefits associated with transaction will flow to the Foundation and when the amount of revenue as well as costs incurred for the transaction can be measured reliably. Revenue is measured at fair value of the consideration received or receivable and is shown net of discounts, rebates and refund.

- Donation is recognized when the amounts have received.
- Entrance fee from member is recognized in the financial year of receipt.
- Annual subscription fee is recognized on a time proportion basis.
- Interest income is recognized on the time proportion basis taking into account the principal outstanding and the effective rate of interest applicable.
